BONDS.—The 100-year General and Refunding Mortgage of 1913 is an open mortgage and not limited to any specified amount, but the bonds at any time outstanding are limited to three times the outstanding stock, now amounting to $233,251,800. When the amount of bonds issued thereunder (bearing interest not in excess of 6%) reaches $696,000,000, further issues must be limited to 75% of the cost of property placed under the mortgage.

The mortgage is secured by a direct lien on all the properties, including about 10,180 miles directly owned, 109 m. jointly owned, terminal properties in Chicago, Milwaukee, Seattle, Tacoma, Spokane & other cities, and the entire equipment, subject to $179,673,000 prior liens ($18,331 p. m.), to retire which an equal amount of bonds is reserved, $132,007,200 being also reserved to retire debentures and convertible bonds, which are equally secured thereunder. None of the prior liens may be extended and no further amounts issued except gen. M. for refunding purposes, so that eventually the Gen. and Ref. bonds will become an absolute first lien. Further bonds may be issued for improvements, betterments, acquisitions, construction, equipment, &c. Of the bonds, $154,489,500 have been issued in exchange for Chic. Milw. & Puget Sound 1st 4s (leaving only $26,175,000 of the latter outstanding). On Dec. 31 1922 the treasury held available $117,217,200 of the new bonds issued for said exchange and against impts., &c. The $29,129,800 Gen. & Ref. Mtge. bonds issued in 1915 are convertible into common stock at par for 10 years beginning Feb. 1916. V. 100, p. 139, 228, 307, 811, 900, 981; V. 101, p. 287.

ORGANIZATION.—The company at midnight on June 24 1917 resumed possession of its property, having been successfully reorganized, without foreclosure. The sale of $29,422,160 7% pref. stock to a syndicate and $5,000,000 6% pref. to former directors provided for old floating obligations and reorganization expenses, while the $20,000,000 debentures of 1912 were replaced by $20,000,000 6% pref. stock. V. 104, p. 2641, 2552, 2451, 2342; V. 106, p. 2025. Plan of reorganization was in V. 103, p. 1887, 1980, 2155; V. 104, p. 451.

In Jan. 1919 the company concluded a settlement of its litigation with the Colorado & Southern Ry. Co. respecting the Trinity & Brazos Valley Ry., extending from Fort Worth and Dallas to Houston and Galveston, whereby the Colorado & Southern accepted in cash 60% of the amount due on the contract, which, under the final decree in the Rock Island receivership, would be payable in full in 6% preferred stock at par, such as was paid to all other general creditors of the Rock Island. This involved the payment of some $4,000,000 and the Rock Island now owns outright a half interest in the Trinity & Brazos Valley Ry. and will have a permanent outlet to the Gulf ports. V. 108, p. 378; V. 109, p. 672.

HISTORY, &c.—Chartered in 1832, present title assumed in 1853.

In June 1909 the D. L. & W. Coal Co. was incorporated with $6,800,000 authorized stock, to act as selling agent for the company's coal in Pennsylvania, the railroad stockholders being permitted to subscribe for its stock See extra dividend below, also that company's caption under Miscel. Cos.

United States Supreme Court on June 21 1915 in the suit brought by the Government held that the company, under the contract of Aug. 2 1909, violated the commodities clause of the Hepburn Act and the Sherman anti-trust law (V. 100, p. 2114; V. 101, p. 17), in its relations with the D. L. & W. Coal Co. A new contract was arranged. V. 101, p. 47. In May 1917 suit over Morris & Essex lease was settled, the guaranteed dividend on M. & E. stock being increased from 7% to 7¼% p. a. V. 104, p. 2116. V. 100, p. 1509. 1832; V. 102, p. 1896; over Syr. Bing. & N. Y. lease, V. 103, p. 1980. Anthracite rate case, V. 101, p. 2072; V. 102, p. 1357. Government regulation of coal prices in 1917, V. 105, p. 767, 2412, 2293, 1961.

The company on Sept. 17 1920 submitted to the I.-S. C. Commission a plan for the segregation of its coal properties and the operation of its mines owned, as distinct enterprises from its railroad properties. The Comission, in April 1921 authorized the company to issue $45,000,000 common stock to be distributed as a stock dividend. The stockholders on July 21 1921 authorized an increase of $45,000,000 in the capital stock and also approved the sale of the road's anthracite coal properties to the Glen Alden Coal Co. for $60,000,000. Compare V. 112, p. 2190.

HISTORY.—Incorp. in Dela. Nov. 15 1920 as successor to the Denver & Rio Grande RR. A company with the same title (to be the operating company) was incorporated in Colorado on Nov. 30 1920.

Title to the properties of the Denver & Rio Grande RR. was formally transferred to this company at midnight July 31 1921. Pres. Young on July 30 1921 stated that the Western Pacific RR. Corp. controlled the stock of both the Western Pacific and the D. & R. G. W., but that the two properties would have independent operating forces and would be operated separately except as to the ordinary traffic relations that usually exist between friendly lines controlled by the same interests.

Receiver Appointed—Reorganization Plan Withdrawn.—Joseph H. Young, President of the company, was appointed receiver in July 1922 (V. 115, p. 542).

The reorganization plan proposed early in 1922 (V. 114, p. 519) by the Western Pacific interests, which was opposed by the committee for Adjustment Mtge. bondholders (Richard Sutro, Chairman), and by a committee for the 1st & Ref. Mtge. bondholders (James H. Perkins), Chairman, has been withdrawn (V. 115, p. 644, 1729).

Judge Learned Hand in the U. S. Dist. Court in N. Y. City on May 18 1917 decided in favor of the Equitable Trust Co., as mtge. trustee of the old Western Pacific *Railway*, the suit brought against the Denver & Rio Grande RR. Co. to enforce the payment of the guaranteed bonds. V. 105 p. 1309, 1522; V. 104, p. 2641, 2117. The Circuit Court of Appeals at N. Y. on Jan. 4 1918 affirmed the decision, ranking the judgment as a lien on the property inferior to the lien of the mortgage bonds. V. 107, p. 1186; V. 106, p. 85, 188, 1126, 1688. The Circuit Court of Appeals at St. Louis in March 1923 also affirmed decisions denying leave to the stockholders to file a so-called ancillary bill to restrain the enforcement of the judgment. V. 116, p. 1049.

In Sept. 1918 after some $7,771,395 had been realized on the judgment, the Western Pacific RR. Corp., holder of the beneficial interest in 95% of the $50,000,000 1st M. bonds of the former Western Pacific Ry. Co., was proposing to set aside $3,500,000 of the money so received for the rehabilitation of the D. & R. G., and thus far the protection of the remainder of the judgment. V. 107, p. 1102.

v-x-y Additional amounts held in treasury or by trustees Dec. 31 1921, viz: v $1,445,000; x $10,947,000, including $7,005,000 pledged under adjustment mtge.; y $1,395,000.

On Jan 26 1918, in view of the foregoing judgment, the property was placed in the hands of its President, Edward L. Brown, and Alexander R. Baldwin, of San Fran., V.-Pres. & Gen. Attorney of the Western Pacific RR., as receivers by the U. S. District Court at Denver, on application by a creditor, the company consenting, although earning a surplus over fixed charges, and there was no other floating debt. V. 106, p. 498; V. 107, p. 1186.

On Feb. 28 1918 the U. S. Gov't, having, as a war measure, taken over the managment of the property, Mr. Brown retired as receiver and Mr. Baldwin remained as sole receiver of the free assets with no part in the operation of the road. V. 106, p. 929.

In June 1918, $10,418,700 securities held by the company in N. Y. banks were attached; $10,000,000 stock of Utah Fuel Co. was sold under this judgment on June 20 and bid in by William Salomon & Co. on behalf of Western Pacific RR. Corp. for $4,000 000. V. 106 p. 2648, 2559.

The Equitable Trust Co. on May 4 1920 obtained an order from Supreme Court Justice Lydon, directing David B. Knott, Sheriff of N. Y. County, to issue a further execution upon a judgment awarded against the road and to levy upon certain property of the defendant held in this State. The sale, which took place on May 26 1920, realized about $1,200,000. Compare V. 110, p. 1972, 2291.

For payments made under foregoing judgment see Western Pacific RR. Corp.

Sale of Road.—The road was sold at public auction on Nov. 20 1920 for $5,000,000, the minimum amount allowed by the Court, to John F. Bowie of New York, representative of the Western Pacific RR. Confirmation of the sale was held up owing to objections filed by the pref. and com. stockholders' committee. A petition by the latter to intervene was denied on Feb. 28 1921 by the U. S. Circuit Court of Appeals at St. Louis. The sale was finally confirmed on March 28 1921 by Federal Judge Robert E. Lewis at Denver, after the Court had ruled that a resale would be ordered if the stockholders' committee would deposit $100,000 on March 25 1921 and agree to bid $10,000,000 for the property at the resale. Judge Lewis refused to permit the committee to file a bond of $100,000 in lieu of cash.

Judge Lewis in the Federal District Court at Denver on April 2 1921 dismissed the ancillary action brought by stockholders to set aside the sale of the property of the Western Pacific. The Circuit Court of Appeals at St. Louis in March 1923 affirmed the decision of the lower court. Interest Payments.—Coupons due Feb. 1 1918 on First & Ref. Mtge. 5s and April 1 1918 on Rio Grande Western 1st Consol. Mtge. 4s (V. 106, p. 1461), were paid on May 24 1918 Coupons due June 1 1919 on the Improv. 5s delayed were paid July 1 1919; Equitable Trust Co., N. Y., had previously offered to purchase them on behalf of Western Pacific RR. Corp V. 108, p. 2329. Subsequent interest payments have been made when due.

The property of the old Ft. Pres. Alton C. Dustin in Feb. 1923 stated that the bondholders' committee (the protective committee of the old bondholders) will continue to function for at least another year in order to pay its debts and the receiver's debts before it will be in a position to make any distribution to the old mortgage bondholders, and that it was impossible at the time to give any estimate as to what the old bondholders will receive.

HISTORY.—See V. 106, p. 395.

NATIONALIZATION.—The Governor-General of Canada on Nov. 10 1919 signed a bill looking to the acquisition by the Government of the entire capital stock of the company, except the £12,500,000 4% Guaranteed stock. A board of three arbitrators (Sir Walter Cassils, Sir Thomas White and William Howard Taft) were appointed to determine what should be paid for the stock.

The arbitration proceedings came to an end on July 8 1921, and on Sept. 7 1921 the Board's decision was made public, the arbitrators issuing a majority opinion that the pref. and common stock is worthless. V. 113, p. 1155, 1471. 1674, 2185, 2720; V. 115, p. 543, 2267.

The Governor-General of Canada on May 11 1920 signed the amended bill for the purchase by the Dominion Government of the stock control of this company. The committee of management as announced May 21 includes: Chairman, Howard G. Kelley, Pres. Gr. Trunk Ry.; (*a*) representing Canadian Govt.: C. A. Hayes, at present V.-Pres. of Canadian National Rys., in charge of traffic, and S. J. Hungerford, Asst. to the V.-Pres. of the Canadian Nat. Rys.; (*b*) representing the Grand Trunk Ry. Co.: W. D. Robb, V.-Pres. of the Grand Trunk, in charge of transportation, &c.: Frank Scott, V.-Pres. & Treas. of Grand Trunk Ry.

The shareholders ratified the plan Feb. 19 1920. New guaranteed stock to the amount of their aggregated appraised value will be issued in exchange for these old stocks in proportions to be determined by the arbitrators, and dividends on such new stock at 4% per annum will be guaranteed by the Canadian Government; provided, however, that the Government shall not be obligated to pay in any year in excess of $5,000,000 as dividends on: (*a*) the present £12,500,000 4% guaranteed stock, and (*b*) the new 4% stock that will replace the present First, Second and Third Pref. shares. V. 109, p 1891. As to liabilities to be met by Canadian Govt., see V. 109, p. 1986.

The Government will also guarantee the dividends on the present 4% Guaranteed stock and the interest on the company's debenture stock issues, all these securities at the same time parting with their voting power. The present 4% guaranteed and also the new guaranteed stock will be made subject to call at par and dividends. Compare V. 112 p. 1740.

A committee of management, consisting of five persons, is to be formed to insure the operation of the road as far as possible in harmony with the Canadian National lines, the two systems being treated in the public interest as nearly as possible as one system, pending completion of the aforesaid purchase of stock by the Government. The Government will also be authorized to lend to the committee of management such sums as may be necessary for the carrying on of the railway. Upon the transfer to the Government of the preference and common stock, the Government may provide for the discharge of the receivership of the Grand Trunk Pacific Ry. System. V. 109, p. 1527, 1609, 1891; V. 108, p. 2122, 1390, 1274. Government aid as to rolling stock, V. 107, p. 82.

The shareholders on May 12 1921 ratified an agreement between the management and the Canadian Government providing for the transfer of the control of the railway to the Government during May 1921. V. 112, p. 1519, 1740, 1977, 2083, 2190.

Official circular dated Feb. 2 1920, giving history of negotiations with the Canadian Govt. and text of amended agreement. V. 110, p. 2291.

On Feb. 1 1923 Prime Minister Mackenzie King announced that the coordination of the Canadian National and Grand Trunk Ry. systems had been carried out. See Canadian National Rys. above.

On Dec. 31 1920 Gt. Nor. and Nor. Pac. owned $107,613,500 of the $110,839,100 Chicago Burl. & Quincy RR. stock, exchanged for their joint 20-year 4% gold bonds (secured by deposit of the stock in trust), on basis of $200 in bonds for each $100 stock. See circular, V. 72, p. 871, 1034, 1135, and application to l.st, V. 73, p. 294, 903; V.85, p.600. Through the declaration of a stock dividend by the C. B & Q. of 54.132% ($60,000,000) to stockholders of record Mar. 31 1921, these holdings were increased to $165,867,400 out of a total of $170,839,100.

In April 1921 a syndicate headed by J. P. Morgan & Co. and First Nat. Bank, New York, offered an issue of $230,000,000 Northern Pacific-Great Northern joint 15-year 6½% convertible gold bonds (C. B. & Q. collateral) due July 1 1936, at 96½ and int. The C. B. & Q. collateral joint 4% bonds due July 1 1921, with final coupon attached, were accepted in payment at 100 and int. to date of payment on allotments.

Bonds are to be the joint obligations of the Northern Pacific Ry. and of the Great Northern Ry., and are secured by pledge of the following collateral conservatively valued at an amount in excess of 120% of the principal amount of this issue:

1,658,674 shares of the capital stock of the Chic. Burl. & Quincy RR.
$33,000,000 North. Pacific Ry. Ref. & Impt. M. 6% bds., ser. B, due 2047.
$33,000,000 Great Northern Ry. Gen. M. 7% bds., ser. A, due 1936.

The bonds are redeemable as a whole or in amounts of not less than $5,000,000 at 103½ and int.

In the indenture securing the bonds the Northern Pacific and Great Northern Ry. cos. have covenanted that, in the event of any mortgage being placed on the properties junior, respectively, to the Northern Pacific Ref. & Imp. M. and to the Great Northern Gen. M., such new mortgages will secure the Joint 6½% bonds outstanding by a lien pari passu with that securing such new bonds.

The indenture also provides that if the amount of that issue is reduced through conversion or retirement the bonds and stock deposited as collateral may be withdrawn proportionately by the respective companies.

The bonds are convertible into Northern Pacific Ref. & Imp. M. 6% bonds, Series B, due 2047, or into Great Northern Gen. M. 7% bonds, Series A, due 1936, part of which issues are deposited as collateral and of which an additional amount is reserved, sufficient to provide for the conversion of the Joint 6½% bonds.

The conversion may be exercised by the holder of Joint 6½% bonds with a view to obtaining a like principal amount of bonds, either all in the Ref. & Imp. M. 6% bonds, Series B, of the Northern Pacific, due 2047; all in the Gen. M. 7% bonds, Series A, of the Great Northern, due 1936, or in bonds of both issues in any ratio between the two which the holder may desire, but not more than $115,000,000 of either of such bonds will be issued in conversion.

As Joint 6½% bonds are presented for conversion, the trustee will withdraw from the deposited collateral a proportionate amount of C. B. & Q. stock and will deposit such stock with the trustee of the Northern Pacific Ref. & Imp. M., or the trustee of the Great Northern Gen. M., as required by the demand for conversion, and will deliver such Northern Pacific or Great Northern bonds, as the case may be, in exchange for the Joint 6½% bonds presented for conversion. At the time of conversion an adjustment of accrued interest will be made between the Joint 6½% bonds presented for conversion and the mortgage bonds issued in exchange. Compare V. 112, p. 1866.

The G. N. Ry. Co.'s portion, $115,000,000, has been converted into a like amount of gen. mtge. 7% bonds and proportionate amount of Burlington stock has been released from lien of the joint indenture and pledged under the gen. mtge. The remaining outstanding joint convert. bonds (the Northern Pacific's portion not converted) were called for redemption July 27 1922 at 103½ and int. V. 114, p. 2240.

The Gen. Mtge. bonds are secured by a mortgage covering the entire railroad property of the Great Northern Ry. in the U. S., subject to existing debt, and, in addition, by pledge of $36,332,000 Ref. M. bonds secured by the same mortgage under which the $35,668,000 Great Northern Ref. M. 4¼% bonds, due 1961, now outstanding in the hands of the public, were issued in 1911 and subsequently. They will be additionally secured by such shares of stock of the C. B. & Q. RR. as are released by the trustee of the joint indenture as a result of the conversion of the Joint 6½% bonds into the Great Northern Gen. M. 7% bonds. Bonds are not subject to redemption before maturity.

As to offering of $30,000,000 gen. mtge. 5½% Series B gold bonds, due Jan. 1 1952, compare V. 114, p. 626.

Eastern Ry. of Minnesota.—Nor. Div. mtge. of 1898 limited to $9,700,000, are red. at 105 after April 1 1928. V. 66, p. 471; V. 88, p. 1002, 1253.

Equipments trusts issued to Director-General for rolling stock allocated to this company. See article on page 3 and V. 113, p. 1360.

Subway Leases. New and Old. to Run 49 Years—Re-Capture.

The lease by the city to the company of the new subways is for 49 years from Jan. 1 1917, but if their completion should be delayed through no fault of the company, the beginning of the term will be correspondingly postponed (date now set Jan. 1 1919); subject, however, to the city's right of recapture after 10 years.

The leases of the original subways as modified expire contemporaneously with the lease of the new subways, but are not subject to termination by notice except as portions thereof may be taken over in substitution for the 7th Ave. branch or the Lexington Ave. branch of the new subways in order to complete a direct longitudinal line, either upon the East Side or upon the West Side of the city. As to the old contracts, Nos. 1 and 2, see this Section, issue of Feb. 1913 and V. 96, p. 1701.

The authorizations and licenses for the elevated railway extensions and additional tracks are for 85 years from the beginning of operation, and are respectively subject to the right of the city to purchase and take the property at any time after 10 years upon payment therefor.

Under the pooling agreement with the city which became effective Jan. 1 1919, all the receipts of the old and new lines of the Interborough system, with the exception of the old elevated lines, will be placed in a common pool, from which will be deducted taxes, maintenance, operating expenses, depreciation, the company's preferential and interest and sinking fund payments upon the city's and the company's investments in the new lines. After these charges are paid the amount of revenue remaining will be divided equally between the city and the company. V. 107, p. 501, 401.

Interest on the securities issued to construct and equip the new lines was a charge to construction until, and to the extent of, the completion and commencement of operation of the new lines. Under its contracts with the city the company was reported in Jan. 1919 to be entitled to take, on basis of convertible note issue of 1918, out of the revenues of the Interborough Rapid Transit system, an annual sum which, with $500,000 other corporate income, will provide $17,620,072, as compared with $13,101,255 required for interest and sinking fund on all bonds and notes outstanding in the hands of the public; but in Jan. 1919 not over $9,700,000 of the sum last named was expected to be a charge against the earnings of the year 1919, owing to the delay in putting the new lines in operation. See below and V. 108, p. 171, 268; V. 107, p. 1100

The amounts payable to the company out of the revenues of its subways (compound interest being allowable on any deficiency in any fiscal year) are to be paid before the city becomes entitled to the interest on its investment under its 1913 subway contract with the company. The amounts payable to the company out of the revenues of its elevated lines (compound interest being allowable on any deficiency in any fiscal year) are to be paid before the city shares any profit from the operation of the elevated lines.

When the profits from the operation of the *subway system* exceed the amount of the company's annual prior claim, and after all accumulated deductions (with interest thereon) shall have been made up to the company, the profits then remaining are to go to the city until the percentage of the city's return upon its investment shall equal the percentage of the return received by the company; and thereafter excess profits will be divided equally between the city and the company. The profits from the *elevated system* and connections, after all the company's accumulations shall have been made up, are to be divided equally between the city and the company.

Readjustment Plan, Dated May 1 1922.

The plan of readjustment for the Manhattan Elevated and Interborough properties, outlined below, has been accepted by the security holders concerned, it was announced Oct. 8 1922 (V. 115, p. 1730). The main purpose of the plan is to provide for the capital requirements and arrears of the Interborough system, estimated at about $30,000,000, and to readjust the Manhattan dividend rental. Under the plan the Interborough Consolidated Corp., which is the successor to the Interborough-Metropolitan Co. as the holding company controlling the Interborough Rapid Transit Co., will disappear with its $45,740,500 of preferred stock and its 932,626 no par shares of common stock and its $63,808,000 of Coll Trust 4½% bonds. In place of these securities the $35,000,000 of Interborough Rapid Transit Co. stock will remain. V. 114, p. 2011; V. 115, p. 2159.

Summary of the Main Features of the Plan.

Manhattan Rental.—The Manhattan rental is to be payable out of the earnings of the combined systems after the payment of interest charges and is to be at the following rates:

For the fiscal year beginning July 1 1922, 3%.
For the fiscal year beginning July 1 1923, 4%.
For the fiscal year beginning July 1 1924, and subsequent years, 5%.

These preferential payments are to be cumulative and must be made to the Manhattan stockholders if the earnings exist.

In case 4% dividends shouid be paid in any year upon Interborough stock, any further distribution of dividends for that year is to be divided upon a prescribed basis between the Interborough stock and the Manhattan stock until the total dividends upon the Manhattan stock for that year have reached 7%.

Interborough Dividends Limited to 7%.—No divs. shall be paid upon the capital stock of the Interborough Co. (*a*) before July 1 1926, nor (*b*) out of income accruing prior to that date, nor (*c*) unless and until the foregoing Manhattan cumulative div. rental and all taxes upon the Manhattan property and all div. rentals accruing to and incl. July 1 1922 shall have been paid in full. The divs. to be paid upon the stock of the Interborough Co. in any year prior to July 1 1950 shall not exceed 7%.

After July 1 1950 no div. shall be paid in excess of 7% per ann., and no other distribution of corporate assets shall be made if such payments reduce the aggregate net value of the assets of the Interborough Co. below $35,000,000 unless such div. or distribution shall have received the consent of the Manhattan directors.

Existing Current Obligations and Arrears to be Paid.—Provision is to be made for the payment of all existing current obligations, including the arrears of rentals at the present rate and taxes under the Manhattan lease down to July 1 1922, the beginning of the next fiscal year.

Pending the consummation of the plan no dividends are to be paid upon Manhattan stock, but accruing Manhattan bond interest is to be paid and payment of $2,500,000 to be made to the City of New York on account of taxes now in arrears on the Manhattan property.

Maintenance and Improvement of Manhattan Property.—Provision is to be made to insure the application of a proper amount to the maintenance and improvement of the Manhattan property, including the installation of turnstiles at stations and pneumatic control doors for cars.

Sinking Fund of Interborough Bonds Waived 5 Years.—The interest payments on the Interborough 5% first mortgage bonds and on the secured notes is to continue uninterrupted, but in order to increase the amounts available for the improvement of the Interborough properties and other capital purposes, the sinking fund in respect of the Interborough 5% mortgage bonds is to be waived for a five-year period.

Interborough Notes Extended 10 Years.—90% of the $38,144,000 Interborough secured notes, maturing Sept. 1 1922, are to be extended for a period of ten years, the remaining 10% to be paid in cash within 60 days after the plan is declared operative. The extended notes will be secured by deposit of $59,602,000 1st & ref. mtge. bonds of 1966 and will be convertible into 1st & ref. 5s at 80 during the first 3 years, at 85 during the second 3 years, and at 90 during the last 4 years. Redeemable in whole or in part at par and int. and a premium of ¼ of 1% for each unexpired semi-annual period of the ten-year term.

New 10-Year 6% Notes (Authorized, $15,000,000; To Be Issued, $10,500,000.)

To provide for capital expenditures the Interborough company will create its 10-Year 6% Gold notes to the authorized amount of $15,000,000, of which it is intended presently to issue $10,500,000. Until the payment of these notes the Interborough company will not sell or issue any 1st & Ref. Mtge. bonds, except upon the conversion of its Secured Conv. Gold notes (or renewals or extensions thereof) or for the purpose of paying the principal of these 10-year 6% gold notes. Redeemable at par and int. plus a premium of ¼ of 1% for each unexpired semi-annual interest period of the ten-year term.

Participation in Plan by Holders of Interborough-Metropolitan 4½% Bonds.

Holders of Interborough-Metropolitan Co. Coll. Trust 4½% Gold bonds may participate in the plan:

(1) By purchasing, at their principal amount and accrued interest, new Interborough 10-Year 6% Gold notes to an amount equal to 16% of the principal amount of their bonds, or at their option,

(2) By surrendering 60% of their bonds for delivery to an underwriting syndicate to be organized to purchase such of the new $10,500,000 notes as are not taken by the holders of Interborough-Metropolitan 4½% bonds or Interborough Rapid Transit Co. stock or by holders of preferred and common stock of Interborough Consolidated Corp.

To carry out provisions the plan of readjustment, providing for election of directors to represent the public authorities on the Interborough board, a voting trust has been established. Voting trustees are: Grayson M.-P. Murphy, Guy E. Tripp and Frank L. Polk. The voting trust is to continue in force until Oct. 1 1927.

BONDS.—The "First and Refunding Mortgage" of 1913 is limited to $300,000,000, of which $170,000,000 was underwritten early in 1913, in April 1922 $162,106,000 was outstanding and a further $59,602,000 had been pledged to secure the Three-Year Secured Convertible 7% notes due in 1921. The new bonds became Nov. 1 1913 a first lien on all leasehold and other rights of the company in (*a*) the existing subways and elevated lines (including power houses, sub-stations, equipment, real estate, &c., owned directly by the Interborough Co. subject to the city's rights under the lease) and (*b*) in the new subway and elevated line extensions and in the authorized additional tracks on the present elevated lines. Cumulative sinking fund of not less than 1% yearly of amount out began July 1918, and is to retire entire issue.

In case the city shall exercise its right of re-capture of any of the new lines, after 10 years from commencement of operation, the moneys so payable will retire all outst'g bonds issued for constructing and equipping same

CONVERTIBLE NOTES.—Late in 1918 the company sold $39,400,000 Three-Year Secured Convertible 7% gold notes dated Sept. 1 1918, due Sept. 1 1921, but redeemable all or part at the option of company at 103% prior to Sept. 1 1919; then at 102% prior to Sept. 1 1920, and then at 101 prior to maturity, in each case plus interest. They are secured by pledge of $59,602,000 First & Ref. M. 5% bonds at a price of 64%. The notes are convertible at any time before maturity (provided notice of any election to convert after Aug. 1 1921 be given on or prior to that date), at option of holder into the First & Ref. bonds at 87½% with adjustment of interest. Sinking fund $615,870 annually. V. 107, p. 1000, 1284, 1747, 1837.

In Aug. 1921 the company asked the noteholders ($38,144,400 notes then outstanding) to consent to an extension of the notes for one year to Sept. 1 1922, the interest rate being increased from 7% to 8%.

GENERAL FINANCES.—The cost of the Interborough new subways, elevated extensions and third-tracking, &c., as originally estimated in 1913, was paid from the proceeds of First & Ref. bonds, of which $162,106,000 are in the hands of the public. Largely as a consequence of the war, the cost of completing the Interborough new rapid transit system was approximately $37,640,000 more than the original estimates made in 1913.

The proceeds of the note issue of 1918 was expected to complete the company's contribution to the cost of the Interborough new rapid transit system, while the city in Sept. 1918 had yet to provide about $40,000,000 to complete its contribution. V. 107, p. 1100, 1284.

The city administration declined in 1919 to consider an increase of fare (from 5 cts. to 8 cts.). V. 108, p. 78, 171. The company's application for increased fares was withdrawn in Mar. 1920. V. 110, p. 1188. The company stopped dividend payments early in 1919 and this precipitated a receivership for the holding company, the Interborough Consolidated Corporation, which see above.

The Jan. 1920 charges, aggregating $5,117,644, were met with the help of loans from allied interests in the form of $2,900,000 6-months 7% secured notes, due June 30 1920 (extended to Dec. 31 1920 and again to June 30 1921 and 45% ($1,305,000) further extended to June 30 1922. V. 110, p. 658, 167, 78; V. 112, p. 61; V. 113, p. 71.

Note.—The report to the Transit Commission for the 9 months ending March 31 1923 shows a deficit in net corporate income aggregating $687,976. That deficit results from the deduction of $1,597,243 accrued sinking fund on Interborough bonds for the same period. Payment of this sum is postponed until 1926 but the money thus saved must be reserved in the meantime for capital expenditures and not used for operating expenses. The deficit is due to the low earnings of last summer. The present trend of earnings would seem to indicate the absorption of this deficit of $687,975 during the 3 months ending June 30 1923.

The reorganization managers, J. & W. Seligman & Co. and Speyer & Co., in June 1922 prepared a reorganization plan (V. 114, p. 2468), the principal features of which are outlined below. The plan was declared operative on July 5 1922.

Securities Issued by New Company.

(2) *Adjustment Mortgage Bonds.*—Total authorized amount, $25,000,000. at any one time outstanding. Secured by mortgage to Columbia Trust Co., as trustee, on the properties embraced in the new First Mtge. and from time to time becoming subject thereto. Subject to the First Mtge. and to the prior payment out of the mortgaged property of all bonds at any time issued and outstanding under the First Mortgage. Interest payable annually or semi-annually as may be provided, at such rate as may from time to time be determined by the directors at the time of issue, but required to be paid (except as to arrears, if any, of cumulative interest payable on maturity of the principal), only out of net income as defined in the mortgage.

They may be issued in separate series maturing on the same or different dates, and any series may be made redeemable, all or part, on notice and at premiums, as may be determined by the directors at the time of issue, but in all cases with accrued cumulative interest. Payment of installments of interest for any period on Adjustment Mortgage bonds of different series carrying different rates of interest shall be made in amounts which in all cases bear to each other the same proportions as the respective maximum rates of interest carried by such respective series bear to each other.

Under the Adjustment Mortgage the new company may reserve the right to retire any series, all or part, and to issue for such purposes like amounts of bonds in another series, bearing same or different rates of interest, &c.

The Adjustment Mortgage will provide that the net income applicable to the payment of interest on the Adjustment bonds shall be deemed to be its net income as that term is defined in the accounting rules of the I.-S. C Commission from time to time in force, but without deduction in ascertaining net income for interest on the Adjustment Mortgage bonds; and only such portion of the net income for each year beginning Jan. 1 as directors may determine, but not less than 50% of such net income for each such year ending prior to Jan. 1 1928 sahll be required to be applied (to the extent necessary) to the payment of interest on the Adjustment bonds, and that any remaining net income to the extent of any difference between the full interest on the Adjustment bonds and the interest actually paid thereon, shall be carried into a separate account which shall be available for capital expenditures or other corporate purposes, but shall not in any year be a part of surplus available for the payment of dividends on any class of stock at the time outstanding.

After Jan. 1 1928 the interest on the Adjustment bonds at the rate borne will be cumulative, and at the maturity of the principal all arrears of cumulative interest shall be payable, but accumulations of interest shall not bear interest.

GENERAL FINANCES.—Tne cost of the Interborough new subways, elevated extensions and third-tracking, &c., as originally estimated in 1913, was paid from the proceeds of First & Ref. bonds, of which $162,106,000 are in the hands of the public. Largely as a consequence of the war, the cost of completing the Interborough new rapid transit system was approximately $37,640,000 more than the original estimates made in 1913.

The proceeds of the note issue of 1918 was expected to complete the company's contribution to the cost of the Interborough new rapid transit system, while the city in Sept. 1918 had yet to provide about $40,000,000 to complete its contribution. V. 107, p. 1100, 1284.

The city administration declined in 1919 to consider an increase of fare (from 5 cts. to 8 cts.). V. 108, p. 78, 171. The company's application for increased fares was withdrawn in Mar. 1920. V. 110, p. 1188. The company stopped dividend payments early in 1919 and this precipitated a receivership for the holding company, the Interborough Consolidated Corporation, which see above.

The Jan. 1920 charges, aggregating $5,117,644, were met with the help of loans from allied interests in the form of $2,900,000 6-months 7% secured notes, due June 30 1920 (extended to Dec. 31 1920 and again to June 30 1921 and 45% ($1,305,000) further extended to June 30 1922. V. 110, p. 658, 167, 78; V. 112, p. 61; V. 113, p. 71.

* Without deducting the sinking fund on the Interborough Rapid Transit Co. 1st Mtge. 5% bonds ($179,500 for the month of March 1923 and $1,068,394 for the 6 months), which under the plan does not become operative until July 1 1926, but which must be deducted from earnings of the system before arriving at the sum available for divs. on Manhattan stock.

Note.—The report to the Transit Commission for the 9 months ending March 31 1923 shows a deficit in net corporate income aggregating $687,976. That deficit results from the deduction of $1,597,243 accrued sinking fund on Interborough bonds for the same period. Payment of this sum is postponed until 1926 but the money thus saved must be reserved in the meantime for capital expenditures and not used for operating expenses. The deficit is due to the low earnings of last summer. The present trend of earnings would seem to indicate the absorption of this deficit of $687,975 during the 3 months ending June 30 1923.

Secured by mortgage to Columbia Trust Co., as trustee, on the properties embraced in the new First Mtge. and from time to time becoming subject thereto. Subject to the First Mtge. and to the prior payment out of the mortgaged property of all bonds at any time issued and outstanding under the First Mortgage. Interest payable annually or semi-annually as may be provided, at such rate as may from time to time be determined by the directors at the time of issue, but required to be paid (except as to arrears, if any, of cumulative interest payable on maturity of the principal), only out of net income as defined in the mortgage.

They may be issued in separate series maturing on the same or different dates, and any series may be made redeemable, all or part, on notice and at premiums, as may be determined by the directors at the time of issue, but in all cases with accrued cumulative interest. Under the Adjustment Mortgage the new company may reserve the right to retire any series, all or part, and to issue for such purposes like amounts of bonds in another series, bearing same or different rates of interest, &c.

The Adjustment Mortgage will provide that the net income applicable to the payment of interest on the Adjustment bonds shall be deemed to be its net income as that term is defined in the accounting rules of the I.-S. C Commission from time to time in force, but without deduction in ascertaining net income for interest on the Adjustment Mortgage bonds; and only such portion of the net income for each year beginning Jan. 1 as directors may determine, but not less than 50% of such net income for each such year ending prior to Jan. 1 1928 sahll be required to be applied (to the extent necessary) to the payment of interest on the Adjustment bonds, and that any remaining net income to the extent of any difference between the full interest on the Adjustment bonds and the interest actually paid thereon, shall be carried into a separate account which shall be available for capital expenditures or other corporate purposes, but shall not in any year be a part of surplus available for the payment of dividends on any class of stock at the time outstanding.

After Jan. 1 1928 the interest on the Adjustment bonds at the rate borne will be cumulative, and at the maturity of the principal all arrears of cumulative interest shall be payable, but accumulations of interest shall not bear interest.

COAL PROPERTY.—Lehigh Valley RR. Co. on Dec. 31 1922 owned entire $9,465,000 stock of Lehigh Valley Coal Co. Coxe Bros., see "Bonds."

Pres. Loomis in Dec. 1920 was quoted as saying that the Lehigh Valley Coal Co. has coal reserves amounting to between 700,000,000 and 1,000,000,000 tons. V. 111, p. 2324; compare also V. 113, p. 1772. For annual report of Lehigh Valley Coal Co. see V. 113, p. 1767.

In Jan. 1912 the Lehigh Valley Coal Sales Co. was incorporated. See extra div. below and Lehigh Valley Coal Sales Co. under "Industrials." V. 94, p. 123; V. 92, p. 956; V. 95, p. 487, 478.

The U. S. Supreme Court on Dec. 6 1920 handed down its decision in the suit brought by the Govt. against the Lehigh Valley RR. Co. holding that control of the coal properties is in violation of the Sherman Anti-Trust Act and, reversing the lower court, ordered the entry of a decree dissolving the combination and the redistribution of the stock, bonds and properties of the several coal subsidiaries so as to make each component part in fact independent and competitive.

The company on Feb. 7 1923 filed with the U. S. District Court for the Southern District of New York an amended plan for the segregation of its coal properties pursuant to a decree of the Court entered Feb. 24 1921 (V. 112, p. 849). The plan is a modification of the original plan filed with the Court in Oct. 1921 (V. 113, p. 1574), to which the Attorney-General of the United States filed several objections (V. 113, p. 1674, 1987). The plan, given in full in V. 116, p. 576, provides as follows:

1. The Lehigh Valley Coal Co. will create a new $40,000,000 50-year mortgage carrying 5% interest and protected by adequate sinking fund arrangements. This mortgage until Jan. 1 1933 will be a second mortgage on a small part of the coal company's properties, and thereafter will be a first mortgage on all its properties. Of the bonds $15,000,000 will be sold at once and the proceeds paid over to the Lehigh Valley RR. in satisfaction of all indebtedness on account of advances for capital expenditures and otherwise in the past. The proceeds will be devoted by the railroad company to the improvement of the railroad properties pledged under its general consolidated mortgage of 1903, the income from said fund, however, in the meantime to be received by the railroad company and used for general purposes.

The remaining $25,000,000 of bonds provided for by the new Lehigh Valley Coal Co. mortgage will be reserved for the purpose of retiring the present outstanding bonds of the Lehigh Valley Coal Co. when due—that is, on Jan. 1 1933—to the extent not provided for by the then existing sinking fund. The Lehigh Valley Coal Co. bonds now outstanding amount to $11,514,000, and it is estimated that the sinking fund, which now amounts to $2,871,000 par value of securities therein, will by Jan. 1 1933 with accumulations and additions have a value of at least $5,000,000, so that the bonds then to be paid off from new funds will not amount to more than $6,500,000. This will leave approximately $18,500,000 of the new mortgage bonds of the coal company available for improvements or other capital expenditures by the coal company as occasion may demand.

2. The [$9,465,000] stock of the Lehigh Valley Coal Co. is pledged with the Girard Trust Co. of Philadelphia, as trustee under the railroad company's general consolidated mortgage of Sept. 30 1903, which mortgage matures in 2003. The railroad company will sell for $1,212,160 all of its right, title and interest in the equity of redemption which it owns in said stock, also voting rights and dividends payable thereon, to a new trustee which will issue certificates for 1,212,160 shares of interest therein carrying voting rights and dividends, thus making certificates on the basis of one share of interest in Lehigh Valley Coal Co. stock for each share of Lehigh Valley RR. stock, both common and preferred. The shareholders of the railroad company will be given the right by said new trustee to subscribe to said shares of interest at the rate of $1 per share. Shares of interest not subscribed for on or before Sept. 30 1923 will be sold by the new trustee to the Lehigh Valley Coal Co. at the rate of $1 per share.

Shareholders of the railroad company who subscribe and buy shares of interest as aforesaid will be obliged to dispose of their said shares of interest on or before Dec. 31 1927 unless in the meantime they shall have disposed of their railroad company stock. Neither the railroad company nor any corporation controlled by it, nor any person acting in its interest, shall acquire by purchase or otherwise any of said shares of interest.

3. All certificates for shares of interest as above stated shall, at the time of sale, be registered by the Lehigh Valley Coal Co. in appropriate form, in the names of the purchasers or their nominees, upon information furnished by the trustee, and thereafter transfer may be made only on ooks of the coal company

4. The Girard Trust Co., as trustee under the general consolidated mortgage, holds the legal title to all of the coal company stock and gives the railroad company a proxy to vote the same, the giving of this proxy being dependent upon there being no existing default under the mortgage. After the sale of the railroad company's equity in the coal company's stock, as stated above, the trustee holding said equity will exercise its voting power for the benefit of and at the direction of the owners of the shares of interest, that is to say, the registered owners of the coal certificates as shown by the transfer book of the coal company will exercise their voting power exclusively through their trustee.

5. Upon the maturity or termination of the general consolidated mortgage, the stock of the Lehigh Valley Coal Co. will be available for distribution to the then owners of said certificates of interest and will be distributed to them accordingly, each certificate of interest entitling the holder to a pro rata share of the coal company's stock.

6. The [$2,910,150] stock of Coxe Brothers & Co., Inc., will remain in pledge under the collateral trust agreement of Nov. 1 1905 until the maturity of that agreement on Feb. 1 1926, except that the voting power in the meantime will be assigned to a trustee to be appointed by the District Court. At the maturity of the collateral trust agreement, the stock will be sold by the Lehigh Valley RR.

7. The [$1,500,000] stock of the Delaware Susquehanna & Schuylkill RR. will remain in pledge under the collateral trust agreement also until the maturity of the agreement on Feb. 1 1926, the voting power in the meantime to be assigned to a trustee to be appointed by the District Court. In the meantime application will be made to the Inter-State Commerce Commission for authority to merge and consolidate this company with the Lehigh Valley RR., in accordance with the provisions of the Inter-State Commerce Act which permits authority to be granted notwithstanding the status of the petitioners under the Federal Anti-Trust Laws.

8. The Lehigh Valley Coal Sales Co. will negotiate and enter into a lawful sales contract with the mining companies (Lehigh Valley Coal Co. and Coxe Brothers & Co., Inc.).

Federal Judge Hand on March 3 1923 approved the plan. V. 116, p.1049.

These preferential divs. are payable out of the earnings of the combined Interborough R. T. and Manhattan Ry. systems after the payment of interest charges, and are to be cumulative. In case 4% divs. should be paid in any year upon I.R.T. stock, any further distribution for that year is to be divided upon a prescribed basis between the Interborough stock and the Manhattan stock until the total divs. upon the Manhattan stock for that year have reached 7%. See Interborough Rapid Transit Co. above.

In Feb. 1916 $4,523,000 4% 2d M. bonds were sold to reimburse the Interborough R. T. Co. for improvements and additions furnished under lease, &c. The 2d mtge. is made superior in lien to the lease to the Interborough. V. 106, p. 822; V. 103, p. 1118; V. 102, p. 609, 712, 800; V. 97, p. 1115, 1504.

Reorganization Plan Dated Nov. 1 1921 (V. 113, p. 2311, 2505).—Pres. Chas. E. Schaff was on Sept. 27 1915 appointed receiver for the company by the U. S. Circuit Court at St. Louis. The Reorganization Managers, J. & W. Seligman & Co. and Hallgarten & Co., New York, announced a Plan of Reorganization, dated Nov. 1 1921, an outline of which is given below (for details in full, see V. 113, p. 2311.) The plan was declared operative in Jan. 1922, V. 114, p. 198. Sale of road, V. 115, p. 2794; V. 116, p. 616, 721. New securities ready for delivery, V. 116, p. 1411.

The new company authorized the following securities:

Prior Lien Mortgage Bonds.—The prior lien mortgage bonds will be limited to the total authorized amount of $250,000,000 at any one time outstanding. They will bear interest, payable semi-annually, at such rate as may from time to time be determined by the directors at the time of issue and be stated in the bonds, and are to be secured by mortgage and deed of trust to Central Union Trust Co. of N. Y. and some individual as trustees, which is to embrace, except as otherwise dealt with in the carrying out of the plan, all or substantially all the lines of railroad, franchises and equipment, terminals and other property (including underlying bonds deposited under the plan and stocks and bonds of subsidiary companies) which may be vested in the new company pursuant to the plan and also all additional property of like character (including stocks and bonds of subsidiary companies) at any time thereafter acquired by the new company subject to existing liens or purchase money liens thereon. They may be issued in separate series maturing on the same or different dates and any series may be made redeemable in whole or in part at times, on notice and at premiums, and may have such conversion privileges as may be determined by the directors at the time of issue.

The prior lien mortgage bonds are to be applied for the following purposes and approximately in the following amounts:

In respect of existing securities dealt with under the plan and for settlement of secured claims:		
Series A 5%	$52,942,752	
Series B 4%	27,236,000	
		$80 178,752
To be offered to stockholders (Series C 6%)		12,894,570
To be issued or reserved for issue under such regulations and restrictions as the Reorganization Managers may in their discretion determine to refund, take up or provide for securities not dealt with under the plan, &c		156.926,678
		$250,000,000

Of the prior lien mortgage bonds there have been issued and delivered under the plan, carrying interest from Jan. 1 1922:

$52,942,752 series A 5% 40-year, redeemable at 105 and accrued int; $27,236,000 series B 4% 40-year, redeemable at par and accrued int.; $22,894,570 series C 6% 10-year, redeemable at 102½ and accrued int. A further $6,226,777 series C bonds are in the hands of the reorganization managers and may be issued for refunding, purchasing, &c., various bonds and obligations.

The Reorganization Managers may, in their discretion, procure the issue of additional prior lien mortgage bonds to the extent that additions and betterments made to the system during the Federal control period, which the receiver advises are in the neighborhood of $8,000,000, may be funded, or to the extent that other claims of the Director-General against the system may be settled by such issue, or to provide for further receivers' certificates which may hereafter be issued pending completion of the reorganization. Such additional bonds may be of any series authorized under the prior lien mortgage and in the event of such issue the amount of prior lien mortgage bonds reserved for future issue will be reduced by the like amount.

Cumulative Adjustment Mortgage Gold Bonds.—The adjustment mortgage bonds will be limited to the total authorized amount of $100,000,000 at any one time outstanding. They are to be secured by mortgage and deed of trust to Columbia Trust Co. and some individual as trustees, on the properties embraced in the prior lien mortgage and from time to time becoming subject thereto. The adjustment mortgage will be subject to the prior lien mortgage. Bonds are to bear interest payable annually or semi-annually at such rate not exceeding 7% per annum as may from time to time be determined by the directors at the time of issue, but required to be paid, prior to the maturity of the principal, only out of the net income of the new company as shall be defined in the adjustment mortgage. The interest will be cumulative from and after Jan. 1 1925, but accumulations of interest shall not bear interest. At the maturity of the principal, all arrears of cumulative interest shall be payable. The bonds may be issued in separate series, maturing on the same or different dates, and any series may be made redeemable in whole or in part at times, on notice and at premiums, as may be determined by the directors at the time of issue. The bonds of any series may be made convertible into preferred stock at such rate or rates, in such manner, under such regulations and during such periods as shall be authorized in the adjustment mortgage.

The adjustment mortgage bonds are to be applied as follows:

In respect of existing securities dealt with under the plan, for settlement of secured claims, or for other reorganization purposes	$51,973,756
To be offered to stockholders	5,526,244
To be issued or reserved for issue under such regulations and restrictions as the Reorganization Managers may determine, and as shall be set forth in the adjustment mortgage, to a principal amount equal to that part in respect of which prior lien mortgage bonds shall not be issued of the entire cost of new equipment, improvements, betterments and additions constructed or acquired by the new company or some subsidiary company, the cost of construction by the new company or some subsidiary company of new mileage or the cost of the acquisition by the new company or some sub. co. of other lines of railroad or stocks or bonds representative thereof	42,500,000
	$100,000,000

The adjustment mortgage bonds presently to be issued and delivered under the plan will be of series A 5% ranking for interest from Jan. 1 1922, maturing Jan. 1 1967, redeemable in whole or in part at par and accrued int. and convertible prior to Jan. 1 1932 into pref. stock series A 7%, at the rate of 10 shares for each $1,000 bonds with adjustment of int. and div.

Preferred Stock.—The preferred stock will be authorized to the amount of $200,000,000, divided into 2,000,000 shares of the par value of $100 each. The preferred stock may be issued in series. Each series shall carry dividends at such rate, not exceeding 8% per annum, as may be determined by the directors and any series may be made redeemable in whole or in part on such terms, on such notice and at such premium, if any, as may be determined by the directors and be stated in the certificates therefor. Dividends will be cumulative from and after Jan. 1 1928 or later issue. In the event of any liquidation, dissolution or winding up, whether voluntary or involuntary, the holders of the preferred stock shall be entitled to be paid in full out of the assets of the company $100 per share of their stock and all arrears in cumulative dividends, before any amount shall be paid out of said assets to the holders of the common stock, but they shall not be entitled to any other or further distribution of assets. Provision is to be made that no additional mortgage is to be put on the property becoming vested in the new company pursuant to the plan except with the consent of the holders of a majority of such part of the preferred stock at the time outstanding.

The preferred stock is to be applied and reserved as follows:

In respect of existing securities dealt with under the plan for settlement of secured debt or for other reorganization purposes	$24,500,000

The use of the name "Constitutionalist Railways of Mexico," by which these Government-operated lines were previously designated, was dropped Jan. 1 1919. V. 108, p. 1816; V. 107, p. 2476.

The Vera Cruz – Isthmus RR., 340½ miles, and Pan American Railway, 285 miles, were in June 1917 separated to facilitate the operation of the Mexican Railway, but are now operated again as part of the system.

The Mexican Government in Jan. 1921 was reported to be making preliminary arrangements for a report on the physical condition of the properties and a possible settlement of some kind with the creditors with a view to returning the property to private management. See V. 112, p. 562.

V. 96, p. 1424.

The amount of bonds which may be issued under the Ref. and Imp. M. is not limited to a stated amount, but is determined by standards set up in the mortgage itself, and those standards are believed to be such that a bondholder will be indifferent as to the amount of bonds which may be outstanding under the mortgage, so long as the standards are complied with. The amount of Ref. & Impt. M. bonds outstanding cannot exceed three times the amount of the capital stock as from time to time increased.

After $500,000,000 of the bonds shall have been issued, not more than 80% of the cost of improvements, additions or new property can be paid for from the proceeds of bonds. Not more than one-third of the amount of bonds can be used in the acquisition of bonds or stocks of other companies. The consolidated company will operate 1,695 miles of road, its main lines extending from Buffalo through Cleveland to the three Mid-Western gateways at Chicago, Peoria and St. Louis. Its lines will also reach Ft. Wayne, Indianapolis and the important Lake ports of Sandusky and Toledo and the company will own half the capital stock of the Detroit & Toledo Shore Line Ry., connecting Toledo with Detroit.

Note.—Certain property of this company is subject to a lien under a mortgage of the New York & New England RR. Co. to secure Boston Terminal bonds of that company to the amount of $1,500,000, due Apr 1 1939 bearing interest at 4%

period of Federal control, and 1st & Ref. M. bonds in the amount of $20,000,000 were deposited as collateral security therefor. A 6% collateral gold note for $4,290,000 due April 1 1925 was issued to the Director-General of Railroads during 1922. The company also issued its notes, payable in 15 years from date, to the U. S. of the total amount of $8,130,000, with interest at 6% in return for a loan of that amount from the revolving fund, created by the Transportation Act of 1920, and deposited its 1st & ref. M. bonds to the amount of $9,565,000 as collateral security.

Further loan under the Revolving Fund of $8,000,000 was certified by the Inter-State Commerce Commission on Aug. 29 1921. Two ten-year notes in the respective amounts of $3,000,000 (dated Sept. 15 1921) and $5,000,000 (dated Oct. 15 1921) were given to U. S. in return therefor. 1st & Ref. M. bonds of Series "B" in the amount of $4,775,000 were pledged as collateral security for the $3,000,000 note, while certain stocks and bonds of other carriers were deposited with the U. S. as security for the $5,000,000 note.

On Nov. 1 1921 a further loan of $400,000 covering equipment purchased under Trust "EE" was made and equipment trust notes Class "B" amounting to $400,000 and first and refunding mortgage bonds, Series "B," amounting to $660,000 deposited as collateral security. $100,000 of the above loan have since been paid off, releasing a corresponding amount of "EE" trust certificates which were canceled.

On May 26 1922 a further loan of $500,000 covering equipment purchased under trust "EE" was made and equipment notes class A and B amounting to $600,000 deposited as collateral security.

Series C aggregating $2,400,000, issued to secure loans from U. S. Govt. to secure following notes: May 1 1922, $2,100,000 6%, due May 1 1932; June 1 1922, $300,000 6%, due June 1 1932, on account of 10% installment European loan maturing April 1 1924.

BONDS.—The company has executed and delivered to the Bankers Trust Co., trustee its 1st & Ref. M. dated Dec. 9 1920. This is an open mortgage under which substantially all pre-existing obligations are equally secured with the $95,000,000 bonds authorized to be issued to the U. S. Government.

The aggregate principal amount of bonds which at any time may be issued and outstanding is limited to an amount which, together with all other then outstanding bonds, notes and other evidences of indebtedness, shall not exceed twice the amount of the then outstanding stock (now $157,117,900), plus premiums paid in thereon (to date $19,282,887 50), which at the present time would limit the amount to $352,801,575.

A total of not more than $95,000,000 of new bonds is authorized, of which not exceeding $80,000,000 Series A 6s, dated Nov. 1 1920 and due Oct. 1 1930, are authorized to refund company's indebtedness to U. S. Government incurred during period of Federal control; and not exceeding $15,000,000 Series B 6s, due Oct. 31 1935, are authorized to be issued for security to the U. S. for loans that may be made to the co. for equipment and betterments (as of Dec. 31 1922 a total of $90,668,000 (Series A, B & C) had been issued and were owned by the co., all being pledged).

Bonds to the principal amount of $180,274,000 are reserved to refund debentures and underlying mortgage bonds. For further details, including list of obligations secured under this mortgage, compare V. 111, p. 2423, 2041, 1942.

In Feb 1907 145,000,000 francs ($29,000,000) 4% 15-year debentures with a fixed rate in marks and £ were sold; $27,582,691 outstanding. V. 84, p. 391, 450, 508, 804, 931. The dollar bonds are issued in exchange for the foregoing bonds $ for $, and are to be secured by any future mortgage on the main line between Woodlawn, N. Y., and Providence, and also Springfield, 235 miles, pro rata with any other bonds secured thereby. The company has executed its 1st & ref. mtge. dated Dec. 9 1920, and in accordance with the foregoing has expressly included these debentures under the terms and lien of the indenture. V. 103, p. 759. The company in a notice to the holders of the 4% debentures outlined a plan for extending these debentures, holders being paid 10% of the amount of their debentures in cash and payment of 90% being extended until April 1 1925 with interest at the rate of 7% p. a. The lien of 1st & ref. mtge. as security for these debentures will remain unimpaired.

The extended 90% of the franc debentures will be payable, at the option of the holders, in dollars in New York, viz., $86 85 per 450 francs. The extension plan was declared operative on May 13 1922. Compare V. 114, p. 1180, 1287, 1534, 1766, 2241; V. 115, p. 544.

In April 1918 $3,141,000 of the $19,899,000 30-year 4% debentures of the Providence Securities Co. had been acquired by the N. Y. N. H. & H. RR., which had assumed the issue, and its shareholders voted April 1917 to authorize not exceeding $16,758,000 4% debentures due in May 1957, to be exchanged $ for $ for the rest. In Dec. 1922 $11,163,000 had been exchanged, leaving $5,595,000 outstanding. V. 106, p. 1577, 1689; V. 110, p. 2488, 2658.

The $6,000,000 5% 1st mtge. notes issued by the railway to enable these coal companies to acquire the aforesaid properties were all paid off on or before Dec. 1915, and on Dec. 31 1917 the railway held as first liens on said properties former 2d mtges. for $1,153,000 and $2,400,000, respectively. Unpaid interest due the railway in these mortgages aggregated $837,500 to June 30 1912, and continued to accumulate without payment of the amounts accruing for some time thereafter, but all arrearages were paid in 1921.

BONDS.—The Refunding and Improvement Mortgage of 1914 covers 6,700 miles of road, on 1,011 of which it is a first lien. It is an open mortgage and not limited to any specified amount, but the bonds at any time outstanding are limited to three times the outstanding capital stock, now amounting to $248,000,000. When the amount of bonds issued thereunder (bearing interest at rates to be fixed) reaches $500,000,000, further issues must be limited to 80% of the cost of new property placed under the mtge. Bonds of any series may be made redeemable before maturity or convertible at the election of the holders into capital stock on terms and dates to be fixed. Of the bonds, $421,492,500 are reserved to retire, $ for $, prior bonds at or before maturity.

In 1914 $20,000,000 Series A 4½s were sold, callable as a whole at 110 and interest on and after July 1 1919. V. 99, p. 120, 271; V. 105, p. 2366. Series B 6% bonds were issued in conversion of the joint C. B. & Q. collateral 6½% bonds, due 1936, and the mortgage will also cover such shares of stock of the C. B. & Q. as were released as a result of such conversion. The Series B 6% bonds may be redeemed on and after July 1 1936 at 110 and interest. In July 1922 $8,702,300 Series C bonds were sold, the proceeds providing funds for payment and cancellation of the unconverted joint 6½% bonds called for redemption July 27 1922 at 103½ and int. Series C bonds are redeemable as a whole only on and after July 1 1952 at 105 and int. The series D bonds were sold in Jan. 1923 and are redeemable as a whole only on and after July 1 1953 at 105 and int. V. 116, p. 410.

Abstracts of prior lien and general lien mortgages of 1896 were in V. 63, p. 1012-1019, 1072; see V. 99, p. 49.

Of Gen. Lien bonds, $130,000,000 were reserved to retire Prior Lien 4s. The *St. Paul-Duluth Division* mortgage secures $20,000,000 purchase money bonds on the former St. Paul & Duluth, of which $9,215,000 were issued to acquire the road, $5,283,000 were reserved to retire existing St. P & D. bonds and the balance for improvements to the property. V. 70, p. 1250; V. 71, p. 1167. The lands included in the grant of the former St. Paul & Duluth are being sold and proceeds applied to purchase of the bonds at not over 105 and int., or, if not purchasable at that price, then to betterments, improvements or additions to the mortgaged premises or equipment therefor. To Dec. 31 1922 $10,419,000 had been issued but $10,038,000 had been purchased and canceled. V. 71, p. 1167; V. 72, p. 339. The First Nat. Bank of N. Y., acting as agent for the company, in Aug. 1920 offered 4¼% Liberty bonds in exchange for these bonds. V. 111, p. 693.

In Jan. 1921 the Guaranty Trust Co., as trustee brought suit charging the company with refusal to comply with the trustee's demand to purchase any of the bonds at the price fixed. V. 112 p. 372.

Under the settlement, which received royal assent April 23 1918, the Province of B. C. had in Oct. 1918 acquired the entire share capital stock of the railway ($25,000,000), the Pacific Great Eastern Equipment Co. and the Pacific Great Eastern Development Co., and had exercised its option also on the lands and assets of the last-named, the promoters being released from their obligations. There has been no change in the bonded debt, the Province being fully liable for both principal and interest on bonds. V. 107, p 1580, 1101, 182; V. 106, p. 929, 2123.

In Oct. 1917 the total securities guaranteed by the Province of B. C., applying on the main line, amounted to $16,800,000, secured by a first charge on the line, and $3,360,000 secured by a second charge, making a total of $20,160,000, of which $14,234,805 (£2,925,000) have been issued. The balance, $5,925,195, had been pledged to secure a loan of $4,800,000.

The Legislative Assembly of the Province of British Columbia has passed the following Acts enabling the Province to borrow the following amounts to be loaned to the company for the construction, equipment and operation of the road: Loan Act 1916, $6,000,000; Loan Act 1920, $4,000,000; Loan Act 1921, $4,000,000.

PARIS-LYONS-MEDITERRANEAN RR.—(V. 115, p. 2379.)

PARIS-ORLEANS RR. CO.—Organized in 1838 to operate a railroad line between Paris and Orleans. As a result of subsequent mergers, purchases of other companies and construction, now owns and operates the second largest system in France.

Mileage.—System covers about 7,800 kilometers, or 4,848 miles. The lines serve (*a*) the central part of France, providing a direct route between Paris and the important seaports of Bordeaux, Nantes and St. Nazaire and forming part of the through lines between Paris and Southern France and Spain; (*b*) rich agricultural districts; (*c*) the industrial centres of Montlucon (iron), Albi (coal) and Limoges (porcelain); (*d*) through the western extension the south coast of Brittany; (*e*) the Valley of the Loire and the Aubergne Mountains, carrying a very heavy and profitable tourists' traffic.

Government Guaranty.—A law enacted on Nov. 20 1883 provides that the French Government shall advance each year any amount necessary in addition to the net income to cover the interest on and amortization of the bonded debt and to make an annual distribution on the capital stock of frs. 56 per share of frs. 500. Any amounts so advanced are to be repaid with int. at 4% p. a. out of any future surplus remaining after paying the div. on the stock.

This agreement continues in effect until Dec. 31 1956 (the end of the concession of the company) and contains similar provisions to protect the bondholders and stockholders in case the Government should take over the company's property prior to that date

Capital Stock.—Frs. 300,000,000, divided into 600,000 shares of frs. 500 each, of which 214,859 shares have been retired at par. These shares have been replaced by beneficiary shares. The stock is listed on the Paris Bourse.

In Feb. 1921 A. Iselin & Co., Halsey, Stuart & Co., Inc., and Hemphill Noyes & Co., New York, offered frs. 50,000,000 6% bonds (Foreign Series), redeemable at par, by semi-annual drawings, not later than 1956. Interest from Dec. 1 1920, payable J. & D. at office of A. Iselin & Co., 36 Wall St., N. Y. City, without deduction for any French taxes, present or future, if held by non-residents of France. Denom. fr. 1,000.

Tax Exemption.—Under a recent French law these bonds are payable, principal and interest, without any deduction of French taxes, present or future, provided they are held by a non-resident of France.

Convertibility.—The company agrees to exchange any bond of this issue at its Paris office at any time prior to the drawing of such bond for redemption without expense for an equal face amount of 6% bonds (French series). These French Series bonds are listed on the Paris Stock Exchange, but holders thereof are subject to French taxes.

Redemption.—The concessions of the French railroad companies stipulate that at the expiration of their concessions, their property, except rolling stock and certain other working assets, shall revert to the Government free of charge. The companies have, therefore, with the approval of the French Government, adopted a plan of amortization which provides for the total redemption of their funded debt, and for the repayment of their capital stock by the time of the termination of their concessions.

The amortization plan provides for semi-annual drawings at par of a gradually increasing number of bonds, sufficient to retire the entire issue by Dec. 1 1956. Drawings under this amortization plan are made annually and the bonds drawn will be payable on Dec. 1 each year, beginning Dec. 1 1921. £2,000,000 6% sterling bonds of 1922, see Midi RR. Co. above. ORGANIZATION, LEASES, &c.—The charter of the Pennsylvania RR. was dated April 13 1846. As to agreement in 1917 to take over the properties and assume the obligations of the Pennsylvania Company, see that company's statement below, and V. 106, p. 1031.

In Nov. 1917 it was agreed that, effective Jan. 1 1918, or such later dates as might be determined, the leases of railroad property held by the Pennsylvania Co. should be reassigned to the Penn. RR., and the lines west of Pittsburgh operated directly by the Pennsylvania RR., through the same officials who had heretofore been in charge of the operation of those lines. In pursuance of this plan the Penn. RR. Co. had resumed in Oct. 1918 operating under lease the Pitts. Ft. Wayne & Chicago Ry., Cleveland & Pittsburgh RR., Erie & Pittsburgh RR., and Pitts. Youngs. & Ashtab. Ry. V. 107, p. 83, 284; V. 106, p. 86, 1031; V. 105. p. 2094, 2184. During 1918 accordingly the Pennsylvania *Company* was relieved of the operation of all the aforesaid lines, which were operated directly by the Penn. RR. Co. as its "Western Lines."

System Operated as a Unit.—It was announced in Feb. '20 that, effective March 1 1920, the system would be operated as a unit instead of being subdivided as formerly between the lines east and west of Pittsburgh. The system will be divided into four regions, each in charge of a Vice-President, the headquarters of the respective regions to be at Philadelphia, Pittsburgh, Chicago and St. Louis, to be known as the Eastern, Central, Northwestern and Southwestern regions. V. 110, p. 658.

In May 1920 announced that the West Jersey & Seashore RR. and the N. Y. Phila. & Norfolk RR. will hereafter be designated as the Atlantic Division and the Norfolk Division, respectively. See V. 110, p. 2193.

Working agreement with men, V. 112, p. 162.

In March 1916 incorporated the Penn.-Detroit RR. with $5,000,000 stock to build a 52-mile road from Ohio-Michigan line northward to Detroit V. 104, p. 1146; V. 106, p. 1031; V. 107, p. 91. The stockholders in April 1923 approved the lease of this road to the Pennsylvania RR. for 999 years. V. 116, p. 1893.

In April 1918 took title to the Susquehanna Bloomsburg & Berwick RR. a 42-mile line, Watsontown to Berwick, Pa., &c., with $700,000 First Mtge gold 5% bonds outstanding. V. 106, p. 2011.

On Jan. 1 1921 leased for 999 years the Grand Rapids & Indiana Ry. and the Pitts. Cin. Chic. & St. L. RR. V. 111, p. 1753, 1950; V. 115, p. 437, 760.

The stockholders on Mar. 4 1921 approved the leases of 16 railroad properties constituting portions of the system and controlled through stock ownership. Compare V. 112, p. 162; V. 114, p. 1526.

The company in 1921 was authorized by the I.-S. C. Commission to lease in perpetuity the property of the New York Philadelphia & Norfolk RR., beginning July 1 1921. V. 113, p. 731. Has also been authorized to purchase from the Pennsylvania Co. the stock of the Pitts., Ft. Wayne & Chic. Ry. V. 112, p. 2191.

SECURITIES OWNED.—Total book value of these on Dec. 31 1922 was $512,037,440, many of which are pledged to secure Pennsylvania issues. Revenue derived from these securities in 1922, $35,726,325. The securities include $7,753,800 Sou. Pac. Co. stock, $38,757,700 (common) stock of the Norfolk & Western, and $5,312,500 stock of N. Y. N. H. & H. RR. Co.

With a view to complete stock control of the Pittsburgh Cincinnati Chicago & St. Louis RR., the directors of the Penn. RR. Co. and of the Penn. Co. on Mar. 10 1920 offered to purchase the minority stock of the Panhandle Co. and to pay for the same, par for par, in new 50-year mtge. bonds of the latter co. when issued to the Penn. Co., bearing int. at the rate of 5% p. a., prin. & int. to be guaranteed by the Penn. RR. V. 110, p. 1188. See also Pitts. Cin. Chic. & St. L. RR. below.

The Pennsylvania Co. also offered to acquire the minority shares of the Grand Rapids & Indiana Ry., by exchanging therefor, par for par, 2d mtge. 4% bonds of the latter company, held in its treasury.

V. 100, p. 399, 475, 819, 1169. In 1916 majority of 4% sterling bonds of 1908 were stamped as "$" bonds. V. 101, p. 2072, 2255; V. 103, p. 321.

The *General Mortgage Bonds* of 1915 (V. 98, p. 695) are a direct obligation of the company and are secured by a mortgage on its property subject to prior liens amounting to approximately $165,000,000. The prior liens mature from 1919 to 1960, cannot be increased and a sufficient amount of bonds authorized by this mortgage is reserved for their retirement.

The stockholders on Dec. 29 1920 approved the lease of the road and property to the Pennsylvania RR. for 999 years upon the general basis of paying a rental sufficient to cover the fixed charges and a dividend at the rate of 4% per annum upon the stock for five years and thereafter at the rate of 5%. V. 111, p. 1950; V. 112, p. 63; V. 115, p. 437, 989.

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4 1833) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23 1896 and reorganized per plan in V. 61, p. 1109. See V 64, p. 709

The "Reading Company" in the reorganization acquired the security holdings, real estate, equipment, &c., of the old Phila. & Reading RR. Co., also the $20,000,000 stock and $20,000,000 bonds of the Phila. & Reading Ry. and the $8,000,000 stock of the Coal & Iron Co The right to mine coal, given by charter, is protected by State Const. of 1873 V. 82, p 393.

The U. S. Supreme Court on Dec. 16 1912 in the Govt. suit (1) dismissed the charge of combination and conspiracy in restraint of trade against the company and other anthracite coal companies and coal-carrying roads; (2) held that the Temple Iron Co. is an illegal organization and should be dissolved; and (3) also held illegal the arrangement under which the coal companies pay the independent operators for coal at the mines 65% of sell-

Note.—General mortgage of 1897 requires that the Reading Co and Reading Coal & Iron Co shall be responsible for all old bo marked s above

ing price at tidewater. See V. 95, p. 1684, 1652; V. 96, p. 286, 554, 1090, 1557. The U. S. District Court on July 31 1915 held that the company and its subsidiaries, had not violated either the Sherman Law or the commodities clause of Commerce Law. The Government filed an appeal. V. 103 p. 1119; V. 101, p. 85, 929, 1465, 1807; V. 96, p. 1425; V. 97, p. 666; V 99, p. 821. The U. S. Supreme Court on April 26 1920 sustained most of the Government's charges of illegal combination against the company and certain of its railroad and coal subsidiaries, and ordered their dissolution. See V. 110, p. 1816. The company on June 1 1920 sought a modification of the dissolution decree. The motion, however, was dismissed by the Court on June 7 1920. V. 110, p. 2358, 2488.

Third Modified Segregation Plan Filed.

The company on May 10 1923 filed with the U. S. District Court for the Eastern District of Pennsylvania a third modified plan for the carrying out of the decision of the U. S. Supreme Court.

On Feb. 14 1921, in pursuance of the decree on mandate of the District Court entered Oct. 8 1920 (V. 111, p. 1473; V. 110, p. 1816, 2358, 2488) the Reading Co., the Philadelphia & Reading Ry. and the Philadelphia & Reading Coal & Iron Co. submitted a plan for the dissolution of the combination existing and maintained through the Reading Co. which had been declared to be illegal by the U. S. Supreme Court in its opinion rendered April 26 1920. On May 12 1921 the company submitted modifications of the plan (V. 112, p. 745) and on June 6 1921 the District Court entered its decree approving the modified plan (V. 112, p. 2306, 2538) as supplemented by the provisions of the decree. The U. S. Supreme Court in its opinion rendered May 29 1922 directed certain modifications of the decree and affirmed the decree with the modifications directed.

On June 30 1922 the District Court entered an order directing the defendants to submit to that Court for its consideration a plan for the modification of the decree of June 6 1921 to accord with the opinion of the U. S. Supreme Court. In pursuance of that order, on Jan. 30 1923 a second modified plan and supplement was submitted (V. 116, p. 479). Objections thereto were filed, among others, by a committee of the holders of the general mortgage bonds, and by the Central Union Trust Co., New York, as trustee of the general mortgage. The District Court set May 10 1923 for a hearing. To secure an adjustment of the issues raised by the objections, and with the assurance that if the same be approved by the Court it will be assented to by the bondholders' committee and the trustee, the Reading Co. and the coal company now file the following third modified plan:

1. No additional general mortgage bonds shall be authenticated except that, to refund underlying bonds and obligations [other than those mentioned in clause (a) of Section 5 below], additional general mortgage bonds may be issued to the trustee of the new mortgage of the Reading Co. [provided for in Section 10 below] and stamped to show that they represent obligations of the Reading Co.

2. After payment by the Iron Co. to the Reading Co. of a dividend or dividends of $6,000,000 in cash or marketable securities at market value, the Reading Co. will sell all its right, title and interest in and to the stock of the Iron Co., including the present right to vote and receive dividends thereon, to the Coal Co. for $8,000,000. The stock of the Iron Co. will, however, remain subject to the lien of the general mortgage but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.

3. The liability of the Reading Co. on the $94,627,000 gen. mtge. bonds outstanding on Nov. 30 1922 will be decreed to be two-thirds thereof and the liability of the Coal Co. thereon one-third thereof.

4. (Section 4 deals with sinking fund payments, for details of which compare plan published in full in V. 116, p. 2256.)

5. There are outstanding certain underlying bonds mentioned in the Gen. Mtge. These bonds include (*a*) $810,000 of the Phila. & Reading RR. Co. 10-year Sinking Fund Coll. Gold bonds of 1892, extended to Feb. 1 1932, which are secured by pledge of bonds of coal companies belonging to the Coal Co., were assumed by the Coal Co. in 1896 and are in effect guaranteed by the Reading Co.; (*b*) $5,766,717 of the Phila. & Reading RR. Co. 1st Series Consol. Mtge. bonds of 1882, extended to March 1 1937, which are secured by property of the Railroad Co. and of the Coal Co. and are in effect guaranteed by the Reading Co. and the Coal Co., and (*c*) certain other bonds which are not the obligation of the Coal Co. and are not secured upon any property of the Coal Co. The final decree will make provision so that the covenants of the companies in the Gen. Mtge. in respect of these underlying bonds shall bind only the Reading Co. in respect of the bonds described in (*b*) and (*c*) above and shall bind only the Coal Co. in respect of the bonds described in (*a*) above; and, as between the companies, the Coal Co. will remain ultimately liable on the bonds described in (*a*) above, and the Reading Co. will remain ultimately liable on the bonds described in (*b*) and (*c*) above.

6. (Section 6 deals with defaults, liens, &c., and is published in detail in V. 116, p. 479.)

7. The Coal Co. will pay to the Reading Co. $10,000,000 in cash or current assets at market value. General releases of all claims and liabilities as between the Reading Co. and the Coal Co., including the claim of approximately $70,000,000 carried on the books of the Reading Co. as an asset and on the books of the Coal Co. as a liability, will be exchanged. The current indebtedness of the Reading Co. to the Coal Co. amounting to $2,500,000 will first be paid.

8. The Reading Co. will, subject to the lien of the Gen. Mtge. (but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.), sell, assign and transfer all its right, title and interest in and to the stock of the Coal Co. to a new corporation to be formed with appropriate powers, in consideration of the payment by the New Coal Co. to the Reading Co. of the sum of $5,600,000, and its agreement to issue its shares to the stockholders of the Reading Co. as hereinafter provided. The New Coal Co. will issue 1,400,000 shares of stock without par value. Such no par value stock will be sold by the New Coal Co. to the stockholders of the Reading Co., preferred and common, share and share alike, for $5,600,000, or $2 00 for each share of Reading stock. Provision will be made for the disposition by the Reading Co. of any rights to subscribe which may not be availed of by the Reading stockholders within such period as may be fixed by the Reading Co., with the approval of the Court, to the end that the New Coal Co. shall receive the full purchase price of $5,600,000. This sale will be carried out by issuing to Reading stockholders assignable certificates of interest in stock of the New Coal Co., exchangeable for such stock only when accompanied by an affidavit that the holder is not an owner of any stock of the Reading Co., all in accordance with the decree of this Court entered June 6 1921.

9. The Reading Co. will merge the Railway Co. under the authority contained in the present charter of the Reading Co., and will subject the Railway Co.'s property to the direct lien of the Gen. Mtge. The name of the Reading Co., after merger, will not be changed.

10. In order to compensate for any injury to the security which the modification of the terms of the gen. mtge. bonds and the general mortgage may cause, and to leave the Reading Co. properly financed to meet its obligations to the public, the Court will direct the Reading Co. and the Coal Co. to tender for acceptance by the bondholders the following proposals for the execution of new bonds and mortgage and the delivery of new bonds to holders of general mortgage bonds:

(a) The Reading Co. shall execute a new mortgage which will provide for the creation of a series of bonds to be known as Series A, to be limited to the aggregate principal amount of $63,084,666 2-3, and to be issuable only upon the surrender of general mortgage bonds as hereinafter provided. Said bonds of Series A will bear interest at the rate of 4½% per annum, will mature Jan. 1 1997 and will be redeemable as a whole only at 105 and int. on any int. day on 60 days' notice. The new mortgage will contain appropriate provisions for the creation and issue of additional series of bonds equally secured thereby bearing interest at such rates and maturing on such dates and otherwise in such form and containing such provisions as may be determined by the directors at the time of issue.

(b) The Coal Co. shall execute a new mortgage which will provide for an issue of bonds limited to the aggregate principal amount of $31,542,333 1-3, and to be issuable only upon the surrender of gen. mtge. bonds as hereinafter provided. Said bonds will bear interest at the rate of 5% per annum, will mature Jan. 1 1973, and will be redeemable as a whole, but not in part except for the sinking fund, at 105 and int. on any int. day on 60 days' notice.

(c) The Reading Co. and the Coal Co. shall offer to the holders of gen. mtge. bonds the right to surrender their bonds and receive in exchange therefor an equal aggregate principal amount of new bonds (with an adjustment of interest as of the date of the surrender of the gen. mtge. bonds for exchange) as follows:

Two-thirds of said principal amount in 4½% 74-year gen. (or, if and when practicable, *first*) & ref. mtge. gold bonds, Series A, of the Reading Co.

One-third thereof in 5% 50-year ref. mtge. sinking fund gold bonds of the Coal Co.

(d) The exchanged bonds will be pledged under the new mortgages. (For details, see V. 116, p. 2256.)

11. The Court will retain jurisdiction to supplement, modify, execute and enforce the third modification plan and the final decree.

Plan Approved by Bondholders—Opposed by Stockholders and Government.—The plan has the approval of the committee for the gen. mtge. bondholders, the Central Union Trust Co., trustee for the bonds, and a substantial number of security holders of the various companies involved.

The Prosser committee, representing common stockholders, the Continental Insurance Co. and the Fidelity-Phenix Fire Insurance Co., holders of common stock, have filed objections to the plan, declaring that it would benefit the bondholders but not the stockholders.

The Attorney-General in behalf of the Government filed a brief in which objection is made to certain provisions of the third modified plan. Compare V. 116, p. 2256.

PROPRIETARY LINES.—These, with a total mortgage indebtedness Dec. 31 1922 of $435,353,806, are controlled through stock ownership, only $62,000 out of their total capital stock of $346,832,400 not being held on Dec. 31 1922 by the Southern Pacific Co.

ORGANIZATION.—Organized under laws of Kentucky.

As to disposal made by Union Pacific of its interests in company in 1913 under order of court, see V. 97, p. 50, 445, 667.

Suit by the Govt. to compel the company to dispose of its holdings in Central Pacific was decided against the Govt. in the lower court in March 1917; an appeal by the Govt. came up for hearing in the Supreme Court on April 17 1921, and, after full oral argument, was submitted on April 19 1921 and taken under advisement by the Court. On Jan. 9 1922 the Court ordered a re-argument of the case. On May 29 1922 the U. S. Supreme Court ordered the dissolution of ownership and control of the Central Pacific Ry. by the Southern Pacific Co. V. 107, p. 1542; V. 104, p. 1046; V. 107, p. 513; V. 114, p. 199, 2470, 2718; V. 115, p. 646, 1732. The company in Oct. 1922 filed an application with the I.-S. C. Commission asking authority to acquire control of the Central Pacific by lease and stock ownership, pending final determination by the Commission of a plan for consolidation of the railroads into a limited number of systems. This application was approved by the Commission upon certain conditions on Feb. 6 1923. Compare V. 116, p. 685. As to Union Pacific decision in 1912, see V. 97, p. 445, 667.

Oil land decision, V. 98, p. 1994; V. 99, p. 1461; V. 100, p. 399, 734, 2011; V. 103, p. 1221; V. 106, p. 2123; V. 107, p. 513; V. 109, p. 889, 1988, 2172; V. 110, p. 1090. Land grant suit, see Oregon & California and V. 103, p. 1222; V. 104, p. 1703; V. 107, p. 513.

The directors on Dec. 1 1920 adopted a plan for the separation of the company's California oil properties and of its stock holdings in the Associated Oil Co. from its railroad properties, a new company, known as the Pacific Oil Co., being organized for this purpose. See Pacific Oil Co. under "Industrials."

On Jan. 1 1917 agreed to take part in building and then to operate the San Diego & Arizona Ry. (V. 104, p. 74), San Diego to Yuma, Cal., 220 miles and branches. V. 104, p. 74; V. 105, p. 2367; V. 107, p. 514.

Southern Pacific RR. of Mexico, incorporated 1909 with $75,000,000 stock (all owned Dec. 31 1922 by Southern Pacific Co.), took over the 1,507 miles covered by Mexican concessions, extending from Empalme to Guadalajara, 815 miles, with branch lines 692 miles, of which 1,241 miles had been completed Dec. 31 1922. In Dec. 1910 obtained additional concession from Guadalajara to Mexico City. V. 83, p. 1536; V. 84, p. 1141; V. 86, p. 350; V. 87, p. 414; V. 88, p. 303, 1622; V. 91, p. 1645, 1770. It was announced in March 1923 that work had been resumed on the Southern Pacific RR. of Mexico, which will connect the main line at Tucson with Mexico City by meeting the National Railways of Mexico at Orendian. All but 98 miles of the line were completed when revolutions interrupted in 1910. This gap is now to be bridged. The road is not expected to be completed before 1926. Northwestern Pacific RR. (jointly owned with Atchison), see that company.

The Southern Pacific Equipment Co. was incorp. in May 1920. V. 110, p. 2293.

On Oct. 22 1914 Pres. W. L. Ross was appointed receiver. V. 99, p. 1216. In Jan. 1915 foreclosure suit was brought under collateral trust mortgage. V. 100, p. 231. The receivership was lifted midnight Dec. 31 1922. V. 116, p. 78.

Settlement of Litigation.—The litigation which had been pending in the U. S. District Court at Toledo for several years, involving the legality of $11,527,000 "A" and "B" bonds issued by the company in payment for the controlling stock of the Chicago & Alton RR. acquired in 1907 came to an end in Oct. 1921. A settlement was effected which resulted in the surrender and cancellation of the entire issue of "A" and "B" bonds with all interest coupons.

The "A" and "B" bondholders received back all of the Chicago & Alton stock and the "Clover Leaf" paid in cash $1,130,000 to the bondholders' committee and the stockholders turned over to the bondholders' committee 10% of the common and preferred stock of the Clover Leaf. Compare V. 113, p. 1984, 2081; V. 114, p. 307.

The Van Sweringen interests acquired control of the road in March 1922. V. 114, p. 1065. Consolidation plan, see N. Y. Chicago & St. Louis RR.

Took possession Nov. 1 1915. The plan reduced the fixed charges from $5,795,278 to $3,183,915, besides eliminating guaranties and unsecured obligations. V. 108, p. 270, 1927.

STOCK.—The pref. shares A and B are respectively pref., prin. and divs. (non-cumulative) and are callable after 5 years at 110. The A shares are entitled, after payment in any year of 5% on all stock (com. and pref.), to participate in any further dividend for that year at the same rate as declared on common stock (above said 5%). Of the authorized common and convertible preferred, $3,750,000 and $1,250,000 respectively were issuable from time to time on account of unsecured creditors' claims against old co. The pref. and common are issuable as needed for conversion of pref. B, and in Dec, 1923 the amounts outstanding had been increased chiefly in this manner from the totals issued at reorganization in 1915, namely $43,540,000 and $46,200,000, respectively, to the amounts shown in table at top of page. V. 108, p. 1929; V. 107, p. 182; V. 101, p. 2072, 599; V. 102, p. 1812.

The holders of the convertible pref. stock may at any time after Aug. 1 1918, and up to 30 days prior to any date fixed for the redemption of the entire issue of said Profit Sharing Pref. Stock A, convert the same into and exchange the same for profit-sharing pref. stock and com. stock at the rate of $50 of profit-sharing pref. stock and $50 of com. stock for each $100 of convertible pref. stock, with adjustment of unpaid dividends.

DIVIDENDS.—No. 1 on pref. "A" stock Jan 29 1917, 1%; April, July and Oct., 1%; 1918, Jan. and April, 1%; none since. Compare V. 108, p. 1929; V. 109, p. 2264.

In 1917 the Equitable Tr. Co. of N. Y., as mortgage trustee, brought suit against Denver & Rio Grande RR., as guarantor of the 1st M. bonds of the old (foreclosed) Western Pacific Ry. (the holding co. owning $47,437,500 of this $50,000,000 issue), and in Jan. 1918 obtained a judgment for $38,270,343. V. 106, p. 1797. The judgment was followed by a receivership for the D. & R. G. V. 106, p. 85, 192, 498; V. 107, p. 503. See Denver & Rio Grande RR.

In Sept. 1918, having realized to date about $7,771,395 on this judgment the Trustee made distribution of $150 per bond of old Western Pacific Ry., over 90% of these bonds being owned in the interest of the new Western Pacific RR. V. 107, p. 1102, 1187.

In June 1918 the equity in the $10,000,000 stock of Utah Fuel Co. owned by D. & R. G. (subject to collateral lien of $15,080,000 Rio Grande Western Ry. 1st Consol. 4s) was sold in partial satisfaction of above judgment and was bid in for the Western Pacific RR. Corp. for $4,000,000. V. 106, p. 2648, 2759.

On Aug. 16 1920 a further distribution at the rate of $40 on each $1,000 bond was made; in Dec. 1920, $32.50; in July 1921, $100; in Aug. 1921, $40, in April 1922, $25. V. 113, p. 732; V. 114, p. 1654.

The Denver & Rio Grande property was sold at public auction on Nov. 20 1920 for $5,000,000 to John F. Bowie of New York, representative of the Western Pacific RR. For litigation over sale, &c., see Denver & Rio Grande Western RR.

A Delaware charter was granted Nov. 15 1920 to the Denver & Rio Grande Western RR. with an authorized capital of $150,000,000, authorizing it to own and operate railroads and railways outside of Delaware. The company was formed for the purpose of taking over the Denver & Rio Grande RR. and the entire outstanding stock is owned by the Western Pacific RR. Corp. A plan of reorganization of the Denver & Rio Grande RR. was submitted in Feb. 1922, but was subsequently withdrawn. A receiver for the Denver & Rio Grande Western RR. was appointed in July 1922. See Denver & Rio Grande Western RR.

In 1921 acquired over 91% of the stock and bonds of the Sacramento Northern RR. V. 112, p. 564, 934, 1868, 2424; V. 113, p. 2081; V. 114, p. 949, 2361.

STOCK.—The two new corporations have precisely similar capital stocks, common and pref., auth. and issued, the holding company owning all the outstanding shares of the operating company. The pref. is convertible by holders, $ for $, into common.

The stockholders on Nov. 18 1920 approved an increase in the capital stock from $75,000,000 to $100,000,000. Of the total capital $40,000,000 is Preferred (par $100) and $60,000,000 Common (par $100). Compare details in V. 111, p. 1864.

CAPITALIZATION.—The stockholders in Nov. 1921 approved a financing plan, authorizing the issuance and sale of $3,500,000 8% bonds and reducing the Common stock from 2,500,000 shares, par $10, to 724,624 shares of no par value and making it assessable, but limiting the assessments to $1 50 in five years The stockholders rejected the proposition to issue $1,000,000 2d pref. stock.

(THE) AMERICAN TOBACCO CO.—ORGANIZATION.—A merger Oct. 19 1904 under New Jersey laws. V. 79, p. 1024, 1705; V. 80, p. 168

On May 29 1911 the U. S. Supreme Court held the company a combination in violation of the Anti-Trust law (V. 92, p. 1501) and required that various of its properties be disposed of. Properties and output remaining after the aforesaid sale were given in V. 94, p. 280; V. 107, p.1670. For details of disintegration plan, compare V. 93, p. 1122, 1325, 1557, 1603, 1670.

Owns a majority of the stock of the American Cigar Co. See separate statement for that company.

In March 1923 purchased a substantial interest in the Schulte Retail Stores Corp. V. 116, p. 1535.

STOCK.—The pref. stock all ranks now as 6% cumulative with full voting rights. V. 102, p. 523. The shareholders voted March 14 1917 to retire $25,989,400 of treasury preferred capital stock, thus reducing the authorized pref. from $80,000,000 to $54,010,600. V. 104, p. 766, 1047.

The shareholders voted Jan. 7 1918 to change 500,000 of the 597,576 shares of unissued common stock into "common shares Class B," having the same rights to dividends and upon liquidation as any other shares of common stock, but without any voting rights. On Sept. 15 1920 stockholders voted to increase the authorized amount of Common "B" stock from $50,000,000 to $100,000,000. V. 111, p. 1185. See under "Dividends" below.

The stockholders on May 6 1920 approved the plan of the directors for a 75% stock dividend on common and common stock "B" by the distribution of authorized but unissued common stock "B" on Aug. 1 1920. A new packing plant at St. Paul was opened in the fall of 1919.

The "Big Five" packers in Dec. 1919 agreed to the entering of a decree in the Government suit requiring them within two years to give up their stockyards and other outside interests (except their handling of eggs, butter, poultry and cheese, which is left for future consideration) and in general to confine their operations to wholesale meat business. See V. 109, p. 2358. The time limit was subsequently extended to May 1 1923. V. 114, p. 1655.

On Jan. 14 1920 announcement was made of the formation of the Armour Leather Co., which would take over the leather and tanning properties of Armour & Co. Armour & Co. of Delaware was organized in Dec. 1922 to acquire certain of the company's properties and assets. The entire common stock is owned by Armour & Co. (of Illinois). Proceeds of the issue of $50,000,000 1st mtge. 20-year 5½% guar. gold bonds, Series A, and of $60,000,000 7% guar. pref. stock of the Delaware company were received by Armour & Co. of Ill. and used by it for the retirement of its $59,968,000 7% 10-year conv. gold notes and its $3,697,200 6% serial conv. gold debentures, for the reduction of its floating debt and for its other corporate purposes. Compare Armour & Co. of Delaware above and V. 116, p. 179.

Recapitalization.—The stockholders on July 28 1920 ratified a plan increasing the authorized capital stock from $160,000,000 to $400,000,000.

The plan provided for an authorized issue of $300,000,000 Common stock, divided equally into class "A" and class "B" stock, and for an increase of preferred stock from $60 000,000 to $100,000,000. Holders of the Common stock received for each share of Common stock of the par value of $100 held two shares of class "A" stock and two shares of class "B" Common stock, par value $25 each. According to the plan, this was to be followed by the declaration of a 100% dividend, payable in Class B stock. This, however, has been only partially carried out by the declaration of the payment of 50% Class B stock dividend to such stockholders in December '20 further action in respect thereto having been postponed by the directors, owing to conditions affecting the industry during the latter part of the year." See V 111, p. 191 V 112, p. 747.

The *Class A common stock* has preference as to cash dividends up to 8% over *Class B common stock*, and after 8% has been paid on Class B stock in any year both classes of common stock will share alike in percentage of additional dividends paid during such year. Each share of Class A common stock shall be entitled to all the rights of any share of com. stock of the co.

BURNS BROS.—Wholesale and retail coal dealers in N. Y. City. A consolidation Dec. 31 1912 under laws of N. J. V. 96, p. 363; V. 103, p. 2081.

In Dec. 1921 acquired William Farrell & Son, Inc. For terms of acquisition, see V. 113, p. 1986, 2408.

CAPITAL STOCK.—In connection with the acquisition in Dec. 1921 of Wm. Farrell & Son, Inc., the capital stock was changed to amounts shown in table at head of page (compare V. 113, p. 1986, 2408).

The 7% cumulative pref. stock is entitled to benefit of an annual sinking fund of $120,000, after the payment of dividends on stock, and after all prior preference stock has been retired.

The Class A common stock will be entitled to receive cumulative dividends at the rate of $8 per share per annum before any dividends are paid on the Class B common stock, and thereafter all dividends are to be paid ratably on the Class A common stock and Class B common stock, share and share alike. Upon liquidation, Class A common stock will be entitled to receive $60 per share before any distribution of assets to the Class B common stock, and thereafter all assets will be distributed ratably to the Class A common stock and Class B common stock, share and share alike. The Class A common stock will have two votes per share and the Class B common stock will have one vote per share. [Preferred shares have no voting power except when dividends are in default.]

The executive committee and the directors in March 1923 approved a recapitalization plan which was to be submitted to stockholders for approval. The plan calls for the retirement of the two issues of existing pref. stock outstanding, the conversion of the Class A common stock and of the Class B stock into stocks of the new company. The existing Class A shareholders will receive one share of pref. and one share of com. stock for each share held, while the existing Class B shareholders will receive one share of com. for each share held.

The capitalization of the new company will consist of $10,000,000 pref. and 500,000 shares of com. stock. The new company will be the National Coal Co. until recapitalization has been effected, when its name will be changed again to Burns Bros.

There will be about $8,000,000 pref. stock and approximately 350,000 shares of com. stock outstanding. A sufficient amount of the new stock, it is said, has been underwritten to realize funds to retire the two issues of pref. stock outstanding.

DIVIDENDS.—Initial dividends of $2 quar. and 50 cents extra per share on the new Class A common stock and of 50 cents per share on the new Class B common stock were paid Feb. 15 1922; same amounts paid quarterly to May 15 1923.

CONSOLIDATED GAS CO. OF NEW YORK.—This company was organized Nov. 11 1884 as a consolidation, and in 1899-1900 secured control of all the other gas companies and of all the electric-lighting properties in Manhattan, N. Y. City. V. 78, p. 105, 1964; V. 79, p. 105, 629; V. 83, p. 1414; V. 84, p. 219; V. 86, p. 282; V. 92, p. 257; V. 97, p. 240, 301; V. 112, p. 165. Stock holdings Dec. 31 1917, V 107, p. 600. Franchise taxation, V. 102, p. 253. The New York P. S. Commission, in Aug. 1922, granted the New York Mutual Gas Light Co. permission to transfer its plant and system to the Consolidated Gas Co. for $9,012,275. V. 114, p. 2725; V. 115, p. 190, 995, 1216.

In 1906 a law was passed reducing the price in New York City to 80 cents per 1,000 cu. ft., beginning May 1 1906, except in outlying districts. V. 82, p. 572, 807, 931; V. 90, p. 301. In Jan. 1909 the U. S. Supreme Court held 80-cent feature of law to be valid until given a fair trial. In Jan. 1919 the company brought suit to have the 80-cent rate declared confiscatory. Final report declaring the 80-cent rate confiscatory was handed down by Special Master Abraham S. Gilbert in May 1920. A temporary injunction restraining the authorities from enforcing the 80-cent rate was handed down on June 29 1920. V. 111, p. 76. Federal Judge Learned Hand on Aug. 4 1920 and Judge Julius M. Mayer in April 1921 handed down decisions upholding in nearly all respects the recommendations of Special Master A. S. Gilbert in the case of the company to the effect that the 80-cent gas law was confiscatory. V. 111, p. 592; V. 112, p. 1620.

The company, acting on a decree signed on Feb. 28 1921, by Federal Judge Hand refuting the application of the State and city officials that the court fix a definiate rate for the continuation of the supply of gas after March 1, announced that the rate for gas would be increased from $1.20 to $1.50 per 1,000 cu. ft., effective March 1 1921. Beginning Aug. 1 1921 it was announced rates would be reduced to $1 25, and beginning Oct. 1 1922 the rate was further reduced to $1 15. V. 115, p. 1104.

The U. S. Supreme Court in a unanimous decision handed down March 6 1922 held that the 80-cent gas law of 1906 is confiscatory. The Supreme Court also rendered a similar decision in the case of the New York & Queens Gas Co. and the Kings County Lighting Co., holding in their case that the $1 rate of 1916 was also confiscatory.

The Court also ordered that all impounded funds be promptly released to the gas companies subject only to deductions of such costs as are clearly assessable to the prevailing party. The case was remanded back to the lower court for further proceedings in conformity with the decree. [The full text of the decision is given in V. 114, p. 1023.]

In future, according to the decision, the New York P. U. Commission shall fix rates that are not confiscatory and that are in conformity with the court's decision. V. 114, p. 1023, 1067.

Adoption of B. T. U. standard, V. 115, p. 1104; V. 116, p. 520.

PACIFIC GAS & ELECTRIC CO., SAN FRANCISCO.—*(See Map.)*—**ORGANIZATION.**—Incorporated in Cal. Oct. 10 1905 as a consolidation and owns and operates extensive properties employed in the production and sale of electricity and gas for light, heat and power, about 61% of its revenues being derived from electricity and about 34% from gas. It also owns and operates the entire street railway system of Sacramento, 44 miles of track, and is engaged in the sale of steam for heating and of water for irrigation and domestic purposes, deriving approximately 5% of its revenue from these and other less important activities. All the properties, except those of the recently acquired Mt. Shasta Power Corp. and those leased from the Sierra & San Francisco Power Co., owned in fee.

The operations of the company extend into 36 counties of central and northern California, having an area of 54,000 square miles and an estimated population (1920) of 1,799,652. The business field embraces the important San Francisco Bay section and the fertile Sacramento and San Joaquin Valleys. The company serves eight of the twelve largest cities in California.

At the close of 1921 the company operated 28 hydro electric generating plants having an aggregate installation of 308,244 h.p., four modern steam turbine electric plants with an aggregate installation of 173,592 h.p., also also 238 sub-stations and 9,971 miles of transmission and distribution lines with a connected load of 1,044,217 h.p.

The gas department includes 19 manufacturing plants with an aggregate capacity of 72,470,000 cubic feet per day and 3,168 miles of mains.

In Oct. 1919 purchased the properties and most of the $10,000,000 capital stock of the Northern California Power Co. Consolidated at $34 per share, thus acquiring 525 miles of high-tension lines and 1,611 miles of low-tension lines, a valuable power site on the Pitt River, potential development of at least 90,000 h. p. and six hydro-electric generating plants on Battle Creek and Cow Creek, with an aggregate installation of nearly 50,000 h. p., then marketing 30,000 h. p. V. 109, p. 173. In Dec. 1919 leased for 15 years the properties of the Sierra & San Francisco Power Co. V. 109, p. 2362.

Franchises in over 176 cities and towns, it is claimed, are perpetual, the U. S. Supreme Court on April 6 1914 having ruled that all franchises of public service corporations within the State of California obtained prior to Oct. 10 1911, were of perpetual duration and could not be altered.

75-cent gas rate held valid. See V. 109, p. 2444. Rates, V. 111, p. 195, 499; V. 113, p. 77, 967; V. 115, p. 655. Decision calling for refund of over $2,000,000 impounded funds. V. 112, p. 2649.

STOCK.—In July 1914 the issuance of the initial $12,500,000 1st pref. stock for improvements, extensions, refunding, &c., was authorized. The old pref. stock ($10,000,000 auth. and outstanding) became 2d pref. and the auth. amount of com. was reduced from $150,000,000 to $100,000,000. V. 98, p. 1846; V. 99, p. 121. The 2d pref. stock is convertible since July 1 1916 into 102½% of 1st pref. and has mostly been thus retired. only $37,100 being outstanding Dec. 31 1922.

From July 1920 to Sept. 1922 sold $19,638,000 first pref. stock and used proceeds for additions and betterments to property. In Jan. 1922 was authorized to issue $5,000,000 first pref. stock for additions and betterments. and an additional $5,000,000 in Aug. 1922.

The stockholders Dec. 12 1921 approved the reclassification of the $160,000,000 authorized capital stock as follows: $79,900,000 first preferred stock (increased from $50,000,000), $100,000 original preferred stock (decreased from $10,000,000), and $80,000,000 common stock (decreased from $100,000,000). V. 113, p. 2623.

Common stock to the amount of $31,696,867 in addition to that reported outstanding is owned by subsidiary companies

(a) About 259,000 acres of land now owned by the Southern Pacific Land Co., situate in the State of California, of which about 25,000 acres are proven oil lands and the remainder lands heretofore withdrawn from sale as possible oil lands, together with existing field improvements and materials and supplies;

They will be secured by a first mortgage on the entire plant and fixed assets. None of these bonds shall be sold at the present time, but $4,200,000, bearing 7% interest, are to be pledged to secure $3,500,000 1-year 6% notes.

(2) Company is to create an issue of $4,200,000 8% debentures, dated Mar. 1 1923, due Mar. 1 1943. A sinking fund to retire by purchase or redemption $250,000 of debentures annually will be provided, first payment into sinking fund will be on April 1 1926, in respect of year 1925, and annually on April 1 thereafter for the year ending the preceding Dec. 31.

(3) Company is to create an issue of 15,750 shares of prior preference stock of no par value, which shall be preferred both as to assets and dividends to the preferred stock and the common stock, and which shall be repayable in liquidation at $100 per share and dividends. It shall bear dividends at rate of $8 per share per annum, payable quarterly, which shall be cumulative from April 1 1923. ROYAL DUTCH CO.—ORGANIZATION.—Incorp. in The Hague, Holland, in 1890, with a capital of 1,300,000 florins ($522,600). Through its subsidiaries it is now the largest international producer and distributor of mineral oil and its by-products of Europe. V. 107, p. 2243. Started as a local enterprise of the Dutch East Indies. After 1900 developed rapidly. In 1902 entered the international field and in conjunction with the "Shell" Transport & Trading Co. of London (which see) and the de Rothschild (Paris) group, founded the Asiatic Petroleum Co. as a distributing concern. Subsequently absorbed the principal other oil producing enterprises in Dutch East Indies and amalgamated its interests with those of the "Shell," the combined assets of both being turned over to two new companies, viz., the "Bataafsche Petroleum Co. and the Anglo-Saxon Petroleum Co. The "Royal Dutch" holds 60% in these two concerns (the "Shell" 40%); also 12½% of the outstanding ordinary "Shell" shares. The two interests so combined have since then acquired exclusive or controlling interests in important oil fields in Rumania, Russia, Egypt, the United States (Oklahoma and California), Panama, Venezuela and Mexico.

List of subsidiaries was published in V. 113, p. 2511.

AMERICAN INTERESTS.—The combination owns a predominating interest in the Shell Co. of California. V. 109, p. 377. Also owns $2,247,000 Ordinary shares and $840,000 Preference shares of the Roxana Petroleum Corp. of Virginia and $179,760 Ordinary shares of the Ozark Pipe Line Corp. The "Roxana" owns fields in the well-known oil districts of Cushing, Healdton and Bartelsville. Also constructed a large refinery in St. Louis and one at New Orleans. At Martinez, on the Pacific Coast near San Francisco, a refinery capable of handling 25,000 bbls. a day and storage facilities at Martinez and on the fields for 4,250,000 bbls. have been established, as well as an 8-inch pipe line 170 miles long from the field to the refinery. In Mexico the allied companies, besides owning other valuable property, control the Mexican Eagle Oil Co., Ltd. Has also established large storage facilities and a refinery of exceptionally great capacity in Curacao, West Indies, in the immediate vicinity of the Panama Canal.

In Nov. 1921, a plan was formulated for the merger of the company's "American interests" with the Union Oil Co. of Dela., for details of which see statement of Union Oil Co. of Dela. below. See also Shell Union Oil Corp. below.

SHARES.—The com. shares have a par value of Fl.1,000 (say $402) each, but the company issues sub-shares of Fl.100 (say $40 20) each. For trading purposes here, Dutch shares of 100 Florin par value were deposited with the Equitable Trust Co., N. Y., against which were issued three certificates for each share deposited. This gives a nominal par value of $13.40 to eacn "American certificate."

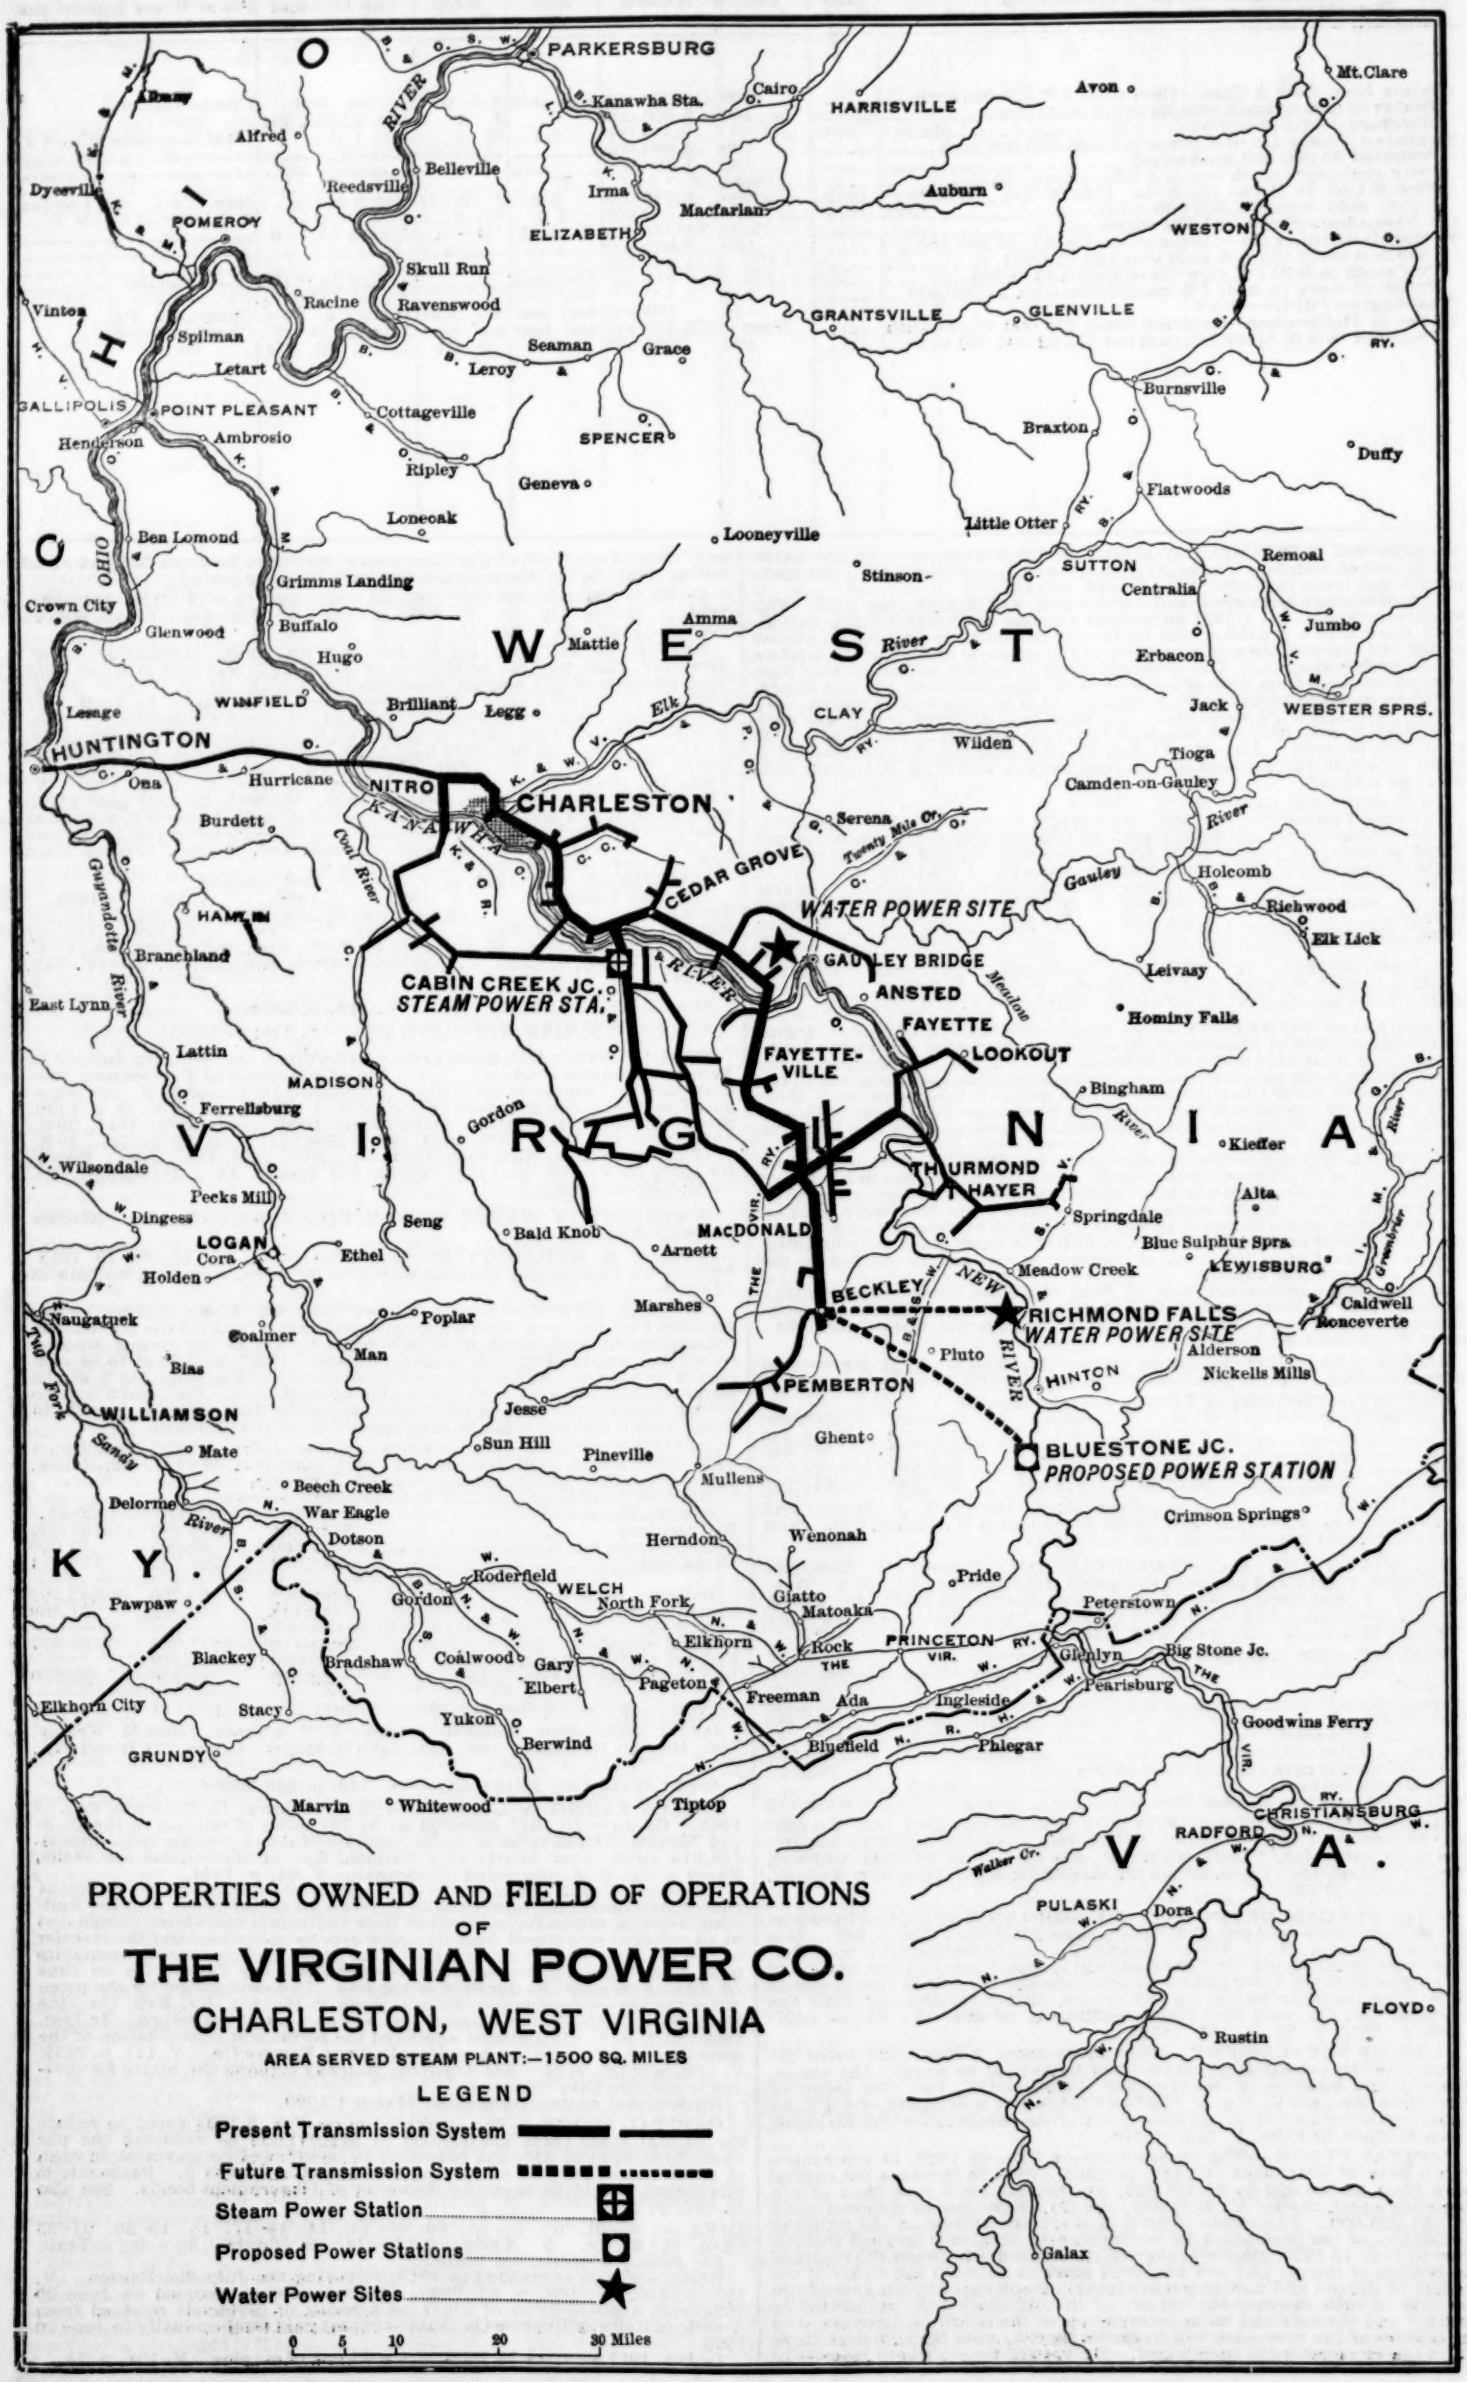
WELLS FARGO & CO. (EXPRESS).—Incorp. in Colorado Feb. 5 1866. On June 30 1917 operated on 84,751 miles of railroad in the U. S. and Mexico, 33,466 miles of stage, inland and ocean steamer routes; total, 118,218 miles. Also, jointly with National Rys. of Mexico, controls Wells, Fargo & Co. S. A. (Sociedad Mexicana). V. 91, p. 1451.

The loss of their contracts with the railroads because of Government control and operation, and inability to effect an arrangement with the Railroad Administration for continuing their individual operations culminated in an enforced retirement from domestic express operations and the transfer of the property of this company and the other leading express companies used in the express business to the American Railway Express Co. on June 30 1918 at least for the duration of the war. In consideration for the properties the several companies received stock in the Am. Ry. Exp. Co. (the Wells Fargo, $10,500,000 thereof) but no guaranty of net return. In Dec. 1920 the I.-S. C. Commission approved the permanent consolidation of the several companies into the American Railway Express Co. V. 111, p. 2532; V. 108, p. 2020, 2124. See American Railway Express Co. above for dividends paid by that company.

Government control terminated March 1 1920.



CAPITAL STOCK.—The stockholders on Feb. 6 1923 voted to reduce the capital stock from $24,000,000 to $12,000,000 by reducing the par value from $100 to $50, the reduction to be effected by payment in cash of $50 a share, payable as soon as possible after March 5. Payment, it was stated, would be made by disposing of Government bonds. See also V. 116, p. 526.

Dividends were suspended in 1918, following the July distribution. V. 107, p. 1292; V. 108, p. 85, 2020. Payments were resumed on June 20 1921 with a distribution of 2½% as a result of dividends received from American Railway Express Co.; same amount paid semi-annually to June 20 1923.

In Jan. 1917 an extra 33 1-3% was paid out of surplus. V. 104, p. 78.

YOUNGSTOWN SHEET & TUBE CO. (THE).—Incorporated Nov. 23 1900 under laws of Ohio and is engaged in the manufacture of sheet iron and steel and other iron and steel products. Plants are located at East Youngstown, Ohio, Struthers, Ohio, and Hubbard, Ohio.

The stockholders on Feb. 28 1923 approved the purchase of the assets of the Brier Hill Steel Co. and of the Steel & Tube Co. of America. The Brier Hill stockholders in Jan. 1923 ratified the sale of their property and the Steel & Tube stockholders took similar action Feb. 28 1923. The consummation of purchase of Steel & Tube Co. by Youngstown Co. has been temporarily restrained in the Delaware Court of Chancery on motion of the Allied Chemical & Dye Corp., owner of about 16% of its common stock. Final hearing on the request for a permanent injunction will be given June 8 1923.

The Youngstown company will pay Steel & Tube $15 a share for about 967,300 shares of common stock; retire $16,500,000 of preferred at 110 and assume bonds to the amount of about $23,000,000, making the property cost it between $56,000,000 and $57,000,000.

The stockholders also approved an issue of notes "not to exceed $50,000,000," to pay the $32,000,000 owing the Steel & Tube Co. of America when sale of its assets shall have been finally ratified and to provide about $10,000,000 for the development of its property in the Chicago district.

The company also increased its authorized preferred from $10,000,000 to $15,000,000 to provide stock with which to retire the preferred stock of the Brier Hill Steel Co., amounting to $5,000,000. It also increased the stated value of its 1,000,000 shares of authorized no par value common stock from $20,000,000 to $75,000,000, to "make it more commensurate with actual value."

DIVIDENDS.—On common stock of no par value, paid $3 per share in 1920; $2 50 in 1921; $2 75 in 1922; Jan. 1 and Mar. 31 1923, $1 quar.

RAILROAD WAGES.

(Concluded from Page 6.)

On Feb. 5 1923 the United States Railroad Labor Board postponed until "some date subsequent to Oct. 1 1923," further action in the cases of seventeen railways and nine subsidiary lines which sought reductions of wages and revision of working rules. It also postponed for the same period action on cases submitted on a large number of roads by the firemen's organization in which a rule was requested to compel the railways to employ two firemen on the larger engines. Many of the more important railroads withdrew their demand for a hearing before the Railroad Labor Board on the reduction of wages and on changes in working conditions involving the brotherhoods, and completed or negotiated individual settlements. V. 116, p. 577, 136, 135.

On April 24 1923 the Brotnerhood of Maintenance of Way Employees, &c., filed a request with the Labor Board for a return to wages in effect prior to July 1 1921 (V. 116, p. 1856). The petition affects 28 railroads and 175,000 emp'oyees. A formal request for pay increase of 10 cents an hour was also filed with the Board by the Order of Railroad Expressmen. These advances would make a total annual increase of slightly more than $17,000,000, which would affect every carrier in the country. (V. 116, p. 481, 1856. 1969; V. 115, p. 2755.)

The United States Railroad Labor Board on March 10 1923 refused to reopen the case under which 11,000 telegraphers on eleven Western roads suffered wage reductions (said to total $1,500,000 annually) in a decision handed down by the Board in December 1922 (V. 115, p. 2755), and which became effective Jan. 1 1923. (V. 116, p. 1138.) The Pennsylvania RR. on April 22 1923 announced an increase ranging from 1½ to 3½ cents an hour in the wages of common laborers in the northwest region of that system. An increase of 3 cents an hour was also announced by the Boston & Maine RR. for laborers employed on track work and in the shops. (V. 116, p. 2087.) About this time also wage increases of one kind or another were granted by numerous other roads.

RAILROAD RATES.

On Nov. 17 1921 the Railroad Executives, in anticipation of a further wage cut of 10%, announced a 10% reduction in rates on farm products for all parts of the country, except New England (and in New England also it was voluntarily accepted by the leading railroads), the old rates to be restored at the end of six months in case the expected lowering of railroad wages had not been accomplished. (V. 113, p. 2154, 2470, 2786.) This move followed numerous and important rate reductions on many products since Aug. 26 1920, when the general advance below described was ordered. The 10% reduction in rates on farm products it was estimated would save shippers about $55,000,000.

The Inter-State Commerce Commission in May 1922 ordered a horizontal reduction of 10% in rates, effective July 1 1922. For full text of decision see "Chronicle" of May 27 1922, pages 2317 to 2329. In the case of grain, grain products and hay in Western territory the Commission had the previous autumn ordered a freight rate reduction of 16½%, which went into effect Jan. 1 1922. That reduction was allowed to stand without change, the 10% cut not in any way affecting it.

On April 17 1923 reductions were made in freight rates to meet Panama Canal competition on certain heavy commodities to Pacific Coast and intermediate points. The reductions apply to all Western lines, including those like the Atchison and Southern Pacific, that reach the coast by the Southern route, and the Union Pacific that goes by the Central route, as well as the Northwestern roads. Some time before the Inter-State Commerce Commission had refused to permit those lines to charge a higher rate to intermediate than to Pacific Coast points. Further reductions by the same lines have been ordered to become effective June 1 1923. The latter run as high as 50%, it is stated, on some commodities. (V. 116, p. 2089, 1014.)

Railroads operating through the Southwest and the lower Mississippi Valley were ordered by the Inter-State Commerce Commission on March 15 1923 to make a general revision of commodity freight rate schedules, effective June 30 1923. (V. 116, p. 1138.)

The I.-S. Commerce Commission in July 1920 having placed a valuation of $18,900,000,000 upon the railroad properties, against a book value of $20,040,572,611, undertook to allow them 6% upon the property investment which would mean a total of $1,134,000,000 with which to cover the increased cost of wages and supplies and to pay for improvements, &c. (compare V. 111, p. 653, 549, 459 347 to 350, 329). But, unfortunately, a sudden decline in traffic and inflated labor costs caused an alarming falling off in railway operating income, notwithstanding the higher rates received. V. 113, p. 2155.

The decision of July 1920 increased: (a) *Freight Rates*—40% in the East, 25% in the South, 35% in the West and 25% in the Mountain-Pacific territory. (b) *Passenger Rates*—20%, the amount asked by the railroads, or about ½ of 1 cent additional per mile. (c) *Pullman Rates*—A surcharge to the roads of 50% on rates. (d) *Excess Baggage Rates*—20% advance. (e) *Milk Tariffs*—20% advance. (f) Coastwise and inland steamship lines and electric railway companies were permitted to increase their freight rates in proportion to the increases of the railroads in the same territory. (V. 111, p. 848.)

While the inter-State rates went into effect on Aug. 26 1920, a number of State public service commissions declined to grant the increases with respect to local (intra-State) rates, but in general this opposition was, after some delay, overruled by the I.-S. C. Comm., backed up by the courts.

As to increase in express rates see V. 111, p. 1338, 754, 654. Oral arguments on behalf of the American Railway Express Co. for a general increase in rates is to be heard before the Inter-State Commerce Commission at Washington on June 28 and 29 1923. For increase in Canadian wages and rates see V. 115, p. 270, 1285, 1395, 1907, and report of Canadian National Ry., V. 114. p. 1762.

The award of the I.-S. C. Commission in 1920 was printed in full in "Chronicle" of Aug. 7 1920, p. 549 to 556. The award of July 1 1921 was in V. 112, p. 2143 to 2150, 2377; V. 113, p. 33.

Because of the relatively disadvantageous position of the New England group of roads under the rate increase, a readjustment of the basis for division of through rates was authorized by the Inter-State Commerce Commission on Feb. 14 1922, effective March 1 1922, by which the New England roads other than the Bangor & Aroostook were to receive an increase of about 15% inthe amount coming to them from the division of revenue derived from most classes of traffic interchanged with the lines west of the Hudson River. (V. 114, p. 702, and V. 111, p. 1942; V. 112, p. 744, 987.) Compare remarks in Oldham merger plan, V. 113, p. 1950, 1951. The suit brought in April 1922 against the Commission to prevent the carrying out of this increase as discriminatory, the United States Supreme Court on Feb. 19 1923 handed down a decision upholding the order of the Commission. (V. 114, p. 917, 1253.)

CONTRACTS EXECUTED AND COMPENSATION PAYABLE THEREUNDER.

The United States Railroad Administration as of Sept. 15 1920 reported the contracts actually executed by the companies and the Director-General and the compensation to be paid thereunder to the several roads as shown in the issue of this Section for Nov. 27 1920, p. 6. There have since been some few changes.

SETTLEMENT OF ACCOUNTS WITH DIRECTOR-GENERAL OF RAILROADS.

Statistics showing the account of the Director-General with the carriers as of May 1 1923 will be found in the "Chronicle" of even date herewith. Out of a total of $510,583,150 securities acquired by the U. S. Government for additions and improvements made during the period of Federal control of the railroads and for loans made to them, $312,703,350 have been sold or redeemed, leaving $197,879,800 on hand May 1 1923. Details of this latter amount appear on page 5 of this publication.

SETTLEMENTS WITH INDIVIDUAL CARRIERS.

The United States Railroad Administration reports that up to May 16 1923 it had concluded final settlements with a total of 363 railroads, including 41 short lines. The payment of these claims on final settlement was largely made up of balance of compensation due, but includes all other disputed items, as between the railroad companies and the Administration during the 26 months of Federal control. The list of railroads with which settlements have been concluded is given in the "Chronicle" of even date herewith.
